Inspired by the progressive and humanistic origins of psychoanalysis Lewis Aron and Karen Starr pursue Freud's call for psychoanalysis to be a psychotherapy for the people. They present a cultural history focusing on how psychoanalysis has always defined itself in relation to an other. At first that other was hypnosis and suggestion later it was psychotherapy. The authors trace a series of binary oppositions each defined hierarchically which have plagued the history of psychoanalysis. Tracing reverberations of racism anti-Semitism misogyny and homophobia they show that psychoanalysis associated with phallic masculinity penetration heterosexuality autonomy and culture was defined in opposition to suggestion and psychotherapy which were seen as promoting dependence feminine passivity and relationality. Aron and Starr deconstruct these dichotomies leading the way for a return to Freud's progressive vision in which psychoanalysis defined broadly and flexibly is revitalized for a new era. A Psychotherapy for the People will be of interest to psychotherapists psychoanalysts clinical psychologists psychiatrists and their patients and to those studying feminism cultural studies and Judaism.

*Metareference in Videogames* Theresa Krampe, 2025-09-10 Taking an original in depth approach this book investigates the forms and functions of metareference in videogames. Drawing on a rich body of research in game studies transmedial narratology and neighbouring disciplines the author combines detailed close reading style analyses of the indie games *What Remains of Edith Finch* *The Magic Circle* and *OneShot* with a breadth of examples and systematic analyses that span multiple genres as well as several decades of videogaming. In doing so the book maps different metareferential elements that can be found in videogames and proposes an original model for their analysis while showcasing the complex interrelations among different metareferential elements in contemporary videogames. This book will appeal to videogame researchers and transmedial narratologists as well as to those interested in metaization in media and popular culture across disciplines.
