Measurement of a Soccer Club's Communication on Social Media

Kristin Wentzlaff, 2022 This thesis focuses on the development of a social media KPI framework in the world of soccer. After interviewing ten individuals who work within the field of social media communications for soccer a soccer club or are experts in the field of social media a framework was developed based on their statements. It includes relevant metrics and related KPIs structured around a specific marketing funnel and divided by the platforms Facebook Instagram Twitter YouTube and TikTok. While the number of followers is considered the least important metric for the club it becomes apparent that the KPI Engagement is the most valuable. Therefore strategic efforts should focus on increasing the Engagement Rate which goes along with one of the goals for social media community building. The other KPIs that should be measured include Follower Growth Post Video Reach Audience Retention specifically for YouTube Virality Rate Conversion Rate specifically for paid posts and Share of Voice
