Your Peak Energy Time

The Planner

The one is detailed planner who is always organized on personal plans, lists and notes. The one with no deadlines and always makes it for the list of the day.

Planners are not very spontaneous, however, and with creative thinking or working outside the box, difficult to contribute to group planning because they are more likely to think about the topic in detail.

The Arranger

The Visualizer

You're the one who needs to juggle multiple projects to increase interest. Your list of ideas and long-term projects, but often have difficulty moving from one to the other. You may be a visualizer and often have a lot of ideas and projects going on at once. You become an idea man.

You are spontaneous, creative thinker and can be a planner and a visualizer. You can easily be distracted by new ideas and projects and often have a lot of ideas and projects going on at once. You become an idea man.

When working with groups of people, Visualizers are great at idea generation and often have a lot of ideas and projects going on at once. You become an idea man.

For Visualizers, listening skills and listening needs are often not their strong suit. You become an idea man.
