Discussing and Learning California's Common Core Mathematics Standards David Marcelletti, William Saunders, Kevin McCarthy, 2013-06-25 This Study Guide represents the major product of The Talking Teaching Network's research and development related to the transition to the Common Core Standards. The contents of this Study Guide were developed through collaborations with teachers, instructional coaches, and school and district administrators at participating districts in California. Collaborations focused on developing materials and tasks to support educators' individual and collaborative study of California's new Common Core Mathematics standards. This Study Guide includes all tasks developed, directions for using, and adapted versions of the standards themselves. Through these materials and reports, we seek to help educators advance their knowledge and expertise and thereby help their students successfully meet these new and more rigorous but very promising Mathematics standards.

Meeting the Needs of Diverse Learners by Integrating the Performing Arts Through the Common Core Sarah Oddi-Hermanson, California State University San Marcos. College of Education, Health and Human Services, 2013. Due to high stakes testing in schools, teachers have often resorted to a cut and dry delivery approach of the curriculum. Because of budget cuts, any arts programs in schools are the first to go. This is causing more students to be disengaged and unmotivated to learn, which affects overall academic achievement and lack of 21st century skills. Arts integration is a strategy that can be used across the curriculum to engage and motivate students and increase academic achievement, as well as develop skills for the 21st century. In order to instill cooperative learning, collaboration, and communication skills in diverse learners, *The Art of Common Core: Temecula the Musical* integrates performing arts, music, theatre, dance, with third grade English Language Arts Common Core standards through a third grade topic: local history. Designed for teachers and educational specialists to incorporate the performing arts, music, theatre, dance through the Core Curriculum, *Temecula the Musical* includes a recommended pacing guide for the unit, as well as suggestions for cooperative grouping and co-teaching. In each lesson, the Common Core State Standards, English Language Arts Standards are addressed, as well as California third grade performing arts standards. Each lesson in the unit allows diverse students to work together.
