The Call of the Wild and White Fang Jack London, 2004 Presented together in one volume these are two of the greatest and most popular animal stories ever written Even to designate them as animal stories seems to undervalue them because these tremendous works are so much more than mere children's tales although they are admittedly still greatly loved by the young Penned by Jack London at the beginning of the twentieth century the first The Call of the Wild tells the story of Buck a domestic dog who is kidnapped from his home in California and forced to pull sleds in the Arctic wastes In the second White

Fang a cross breed that is three quarters wolf and one quarter dog endures considerable suffering in the Arctic before being tamed by a white American and taken to live in California The two narratives are remarkable for the vividness of their descriptions and the success with which London imagines life from a nonhuman perspective **The Call Of The Wild** Jack London,2020-06-12 The Call of the Wild is a short adventure novel by Jack London published in 1903 and set in Yukon Canada during the 1890s Klondike Gold Rush when strong sled dogs were in high demand The central character of the novel is a dog named Buck The story opens at a ranch in Santa Clara Valley California when Buck is stolen from his home and sold into service as a sled dog in Alaska This classic book brings out the true spirit of the Gold Rush days at the turn of the last century and portrays the brutality kindness love and folly that Jack London experienced during his time in the far north The book has been adapted many times most recently being the 2020 film starring Harrison Ford *The Call of the Wild : Complete with Original Illustrations* Jack London,2020-03-02 The Call of the Wild is a short adventure novel by Jack London published in 1903 and set in Yukon Canada during the 1890s Klondike Gold Rush when strong sled dogs were in high demand The central character of the novel is a dog named Buck The story opens at a ranch in Santa Clara Valley California when Buck is stolen from his home and sold into service as a sled dog in Alaska He becomes progressively feral in the harsh environment where he is forced to fight to survive and dominate other dogs By the end he sheds the veneer of civilization and relies on primordial instinct and learned experience to emerge as a leader in the wild London spent almost a year in the Yukon and his observations form much of the material for the book The story was serialized in The Saturday Evening Post in the summer of 1903 and was published a month later in book form The book s great popularity and success made a reputation for London As early as 1923 the story was adapted to film and it has since seen several more cinematic adaptations The story opens with Buck a powerful 140 pound St Bernard Scotch Collie mix 1 2 living happily in California s Santa Clara Valley as the pampered pet of rich Judge Miller and his family However the secretive assistant gardener Manuel in desperate need of money to finance his Chinese lottery addiction steals Buck and sells him for a large lucrative amount of cash Buck is shipped to Seattle Put in a crate he is starved and ill treated When released he attacks his overseer known only as of the man in the red sweater but this man teaches the law of the club hitting Buck until he is sufficiently cowed but the man shows some kindness after Buck stops Buck is then sold to a pair of French Canadian dispatchers from the Canadian government Francois and Perrault who take him with them to Alaska There they train him as a sled dog and drive him through the Klondike region of Canada From his teammates he quickly learns to adapt to survive cold winter nights and the pack society A rivalry develops between Buck and the lead dog Spitz a vicious and quarrelsome white husky Buck eventually beats Spitz in a fight and kills him and then becomes the team s new lead dog When Francois and Perrault complete the round trip of the Yukon Trail in record time returning to Skagway with their dispatches and are given new orders from the Canadian government their team is then sold to a Scotch half breed man who is also working the mail service The dogs must now carry heavy loads to the mining areas

and the journeys they make are tiresome and long During this run of the trail Buck seems to have memories of his canine ancestor hanging out with a short legged hairy man Meanwhile the weary dogs become weak and one of the team Dave a morose husky becomes terminally sick and is eventually shot Buck s next owners are a trio of stampedeers from the American Southland present day contiguous the United States a spoiled woman called Mercedes her sheepish husband Charles and her arrogant brother Hal who are inexperienced at surviving in the Northern wilderness They struggle to control the sled and ignore helpful advice from others in particular the warnings that the spring melt poses dangers When Mercedes is told her sled is too heavy she dumps out crucial supplies in favor of fashion objects They also foolishly create a team of 14 dogs erroneously thinking they can go faster with more dogs They overfeed the over worked dogs and then are forced to starve them when the food supply becomes low Most dogs on the team die from either weakness neglect or sickness leaving only five dogs when they pull into White River
