This invaluable resource provides clarity and insight, serving as a guiding beacon in the ever-evolving world of cloud technology. Whether you're seeking to understand the intricacies of cloud security solutions, the nuances of scalability in cloud computing, or the various service models in the cloud, this book empowers you to navigate this dynamic field with confidence and expertise.

Population-Based Nursing Ann L. Curley, Barbara A. Niedz, Alyssa Erikson, Alyssa E. Erikson, Erikson, 2024-02-12. Runner up for 2020 AJN Book of the Year Award. Community Public Health Praise for earlier edition: nicely integrates epidemiological concepts, evidence-based practice in population health, and program development and evaluation. Authors describe epidemiological research designs, research synthesis, and evidence assessment, knowledge essential for advanced practice nurses working with populations or in the community. *Journal of Community Health Nursing*: Delivering essential content for APRN students focusing on population health, this award-winning text addresses the nurse's role in identifying and mitigating healthcare disparities at local, national, and global levels and provides guidance on how to conduct community assessments. The substantially updated fourth edition focuses on the broad role of APRNs in today's challenging healthcare environment, along with a completely new chapter on the Principles of Public and Community Health. The addition of case studies brings the content to life and explores a wider range of nursing roles. Two new editors bring a wealth of knowledge and experience to the text. Additionally, the fourth edition is updated with current national standards, including the AACN Essentials, and addresses implications of and lessons learned from COVID-19. The text disseminates successful strategies nurses have used to improve population outcomes and reinforces learning with a high-level application of activities that require the synthesis and integration of information learned. Its strong foundation in epidemiologic methodology includes coverage of mortality measures, testing validity and reliability, study designs, risk and casualty assessment, and data analysis and interpretation. This comprehensive yet succinctly written text includes engaging exercises and discussion questions to help students understand how to apply the content. New to the Fourth Edition: New chapter on Principles of Public and Community Health. Updated to reflect latest AACN Essentials, Healthy People 2030, and other national initiatives within nursing and healthcare. Discusses impact of COVID-19 with examples.

Provides case studies addressing a wider range of roles including ambulatory and acute care Focus is on APRN role in population health Adds PowerPoints to abundant instructor resources Key Features The only advanced practice text to focus on core nursing competencies in population health Incorporates a strong focus on epidemiology Breaks down complex content to foster clear understanding Reinforces information with creative thinking exercises Can serve as a primary resource for DNP Projects addressing population health *The Art of Communication* Hilda K.
