settled and we are racing to eliminate wheat and corn syrup from our diets because we've been lied to. The truth is that almost all of us can put the buns back on our burgers and be just fine. Remember when butter was the enemy? Now it's good for you. You may have lived through times when the Atkins Diet was good, then bad, then good again; you may have wondered why all your friends cut down on salt or went Paleo, and you might even be thinking about cutting out wheat products from your own diet. For readers suffering from dietary whiplash, *The Gluten Lie* is the answer. Scientists and physicians know shockingly little about proper nutrition that they didn't know a thousand years ago, even though Americans spend billions of dollars and countless hours obsessing over eating right. In this groundbreaking work, Alan Levinovitz takes on bestselling physicians and dietitians, exposing the myths behind how we come to believe which foods are good and which are bad, and pointing the way to a truly healthful life free from anxiety about what we eat. **The Biohackers Manual** T.S

The term biohacking means to alter our biology to achieve a greater level of performance. By incorporating techniques such as light therapy, sound therapy, aromatherapy, vitamin therapy, inversion, meditation, and others, IT IS POSSIBLE to rebalance the body and to live in a state of ease versus dis-ease. With 78% of Americans overweight and an estimated 80 million people suffering from insomnia and depression, it is becoming more apparent that the majority of people go through their lives living in a state of fatigue, exhaustion, despair, stress, and dis-ease. *The Unchained Life Manual* challenges generally accepted dogma concerning health, wellness, and recommended dietary allowances for vitamins and minerals by presenting anecdotal, empirical, and clinical references that point towards a desperately needed collective paradigm shift. With multiple sources stating that medical mistakes are the third leading cause of death in America, maybe it is time for all of us to truly learn about our physiology and reclaim ownership over our personal health and wellness so we can avoid unnecessary hospital visits. Disclaimer: *The Unchained Life Manual* is not medical advice.
