## Calendar September 2016:

**Time Matters** Janet Pembery, Clare Doran, Sarah Dutt, 2017-07-05 Time Matters is a practical resource to help children and young people learn about time. Time is usually taught through the Primary school years. Teachers working in Secondary schools have been very surprised to discover these gaps in students' understanding of calendar time having assumed that these skills have been acquired at an earlier age. This practical resource helps to teach the essential skills needed to carry out a range of time related concepts e.g. telling the time on a clock. Can be used by older children, young people and adults who have learned some of the key concepts but need more in depth knowledge further practice or opportunities to practise skills in a functional way. Includes case studies and the rationale for working on different aspects of time, teaching worksheets and also practical strategies and activities to develop life skills which affect us all e.g. making and keeping appointments, travelling using calendars and diaries etc. Can be used in a range of settings including Education, Health and Social Care.

The Last Transport Anthony McElligott, 2024-10-17 The deportation of 1 755 Jews from the islands of Rhodes and Kos in July 1944 shortly after the last deportation from Hungary was the last transport to leave Greece for Auschwitz and brought to a close the last significant phase of the genocide of Europe's Jews notwithstanding the death marches. Within six weeks of their deportation the Germans were retreating from Greece and the Balkans as Hitler's empire shrank. This last deportation is frequently acknowledged in Holocaust literature but its significance for our understanding of the Nazi genocide of the Jews remains largely overlooked. The timing of the transport when it was clear to the German military elite that Nazi Germany had lost the war raises important questions in relation to long term ideological Nazi goals and the immediate contingency thrown up by war. Anthony McElligott in this account of the last Greek transport of Jews to Auschwitz tells a compelling story of this previously underexplored event and sheds light on an important aspect of the Holocaust through an in depth study of one Eastern Mediterranean community.
