The Elementary School Library Collection, Phases 1-2-3 ,1998 **Travel the Globe** Desiree Webber,Dee Ann Corn,Elaine R. Harrod,Sandy Shropshire,Shereen Rasor,Donna Norvell,2012-12-12 This book assists the busy professional with ready to use materials to present entertaining educational and age appropriate programs that introduce young learners to countries and cultures around the world The result of a collaboration of children s librarians and educators with over 70 years combined experience Travel the Globe Story Times Activities and Crafts for Children Second Edition offers the busy librarian teacher or media specialist with ready to use resources that introduce children to countries and cultures around the world It provides recommended books stories action rhymes fingerplays games and activities that can be used to plan a series of programs or a single activity that are both entertaining and educational The book is organized alphabetically by country with simple low cost craft ideas included in each chapter All crafts use low cost supplies and are simple to prepare and execute At least two craft projects are included in each chapter one for preschoolers with suggestions for additional simplification and another designed for children in kindergarten through third grade The wide variety of resources within makes this book a valuable investment as it will be useful year after year with new presentations and activities **Into the Closet** Victoria Flanagan,2013-08-21 Into the Closet examines the representation of cross dressing in a wide variety of children s fiction ranging from picture books and junior fiction to teen films and novels for young adults It provides a comprehensive analysis of the different types of cross dressing found in children s narratives raising a number of significant issues relating to the ideological construction of masculinity and femininity in books for younger readers Many literary and cultural critics have studied the cultural significance of adult cross dressing yet although cross dressing representations are plentiful in children s literature and film very little critical attention has been paid to this subject to date Into the Closet fills this critical gap Cross dressing demonstrates how gender is symbolically constructed through various items of clothing and apparel It also has the ability to deconstruct notions of problematizing the relationship between sex and gender Into the Closet is an important book for academics teachers and parents because it demonstrates how cross dressing rather than being taboo is frequently used in children s literature and film as a strategy to educate or enculturate children about gender
