## **Reddit Discussions Award Winning:**

Investigating Online Heritage Crime Damien Huffer, Evie Handby, 2025-12-01 From Reddit and YouTube to collector forums and live auctions the avenues through which cultural heritage can be bought and sold are rapidly growing alongside new digital technologies Considering anew the implications of this digital expansion for the online trafficking of cultural property and human remains Investigating Online Heritage Crime conducts an exacting examination of these relatively under researched sites of heritage crime The chapters address how networks operate within and because of the interconnected social media and e commerce landscape Through doing so this volume highlights where markets for online heritage are headed especially given the ever prevalent adoption of AI and LLM Large Language Models technology that is profoundly reshaping all aspects of online life including licit and illicit commerce

## **Digital Exposés of Extreme-Right Shock**

**Channels** Caryn Coatney, 2026-01-22 This book takes an in depth look at journalists developing practices to expose the extreme right networks that receive many millions of views across the dark web and mainstream platforms The book draws on ideas about journalism's role as a digital guardian or a gatekeeper which can engage audiences about the need to counter viral terror content and white supremacist material This rare case study is focused on journalists reporting and news audiences related comments about the increasingly prevalent shock channels on social media Previously journalistic stories have been critiqued for sensationalistically promoting extreme right leaders This book shows how journalists are adapting digital techniques to start countering the extreme right's subcultures including a twisted buzz fake news sites and stylised violence that frequently targets democratic reporters Book chapters take a deep dive into the interconnected and dark web archives journalists related reporting and subscribers comments in Australia the United Kingdom and the United States It examines the ethical debates about the best professional practices for exposing the extreme right networks going forward The book finds three main elements of journalists gatekeeper roles Firstly journalists used popular video sharing platforms such as Instagram and YouTube to expose white supremacist influencers Secondly they developed long form writing styles to explain the absurd aesthetics of extreme right subcultures that have included beauty queen pageants dating sites and playlists on music streaming giants Thirdly reporters revealed how they have developed multiple and deep undercover personas to uncover dark web chatrooms and the related youth oriented events This book asserts that the successful news exposés have been characterised by an engaged focus on readers demands for journalism that demonstrates transparency trust and corrective information to enhance social cohesion This book is intended to be a useful resource to researchers scholars and students of journalism communication media and politics as well as professionals already operating within the field of journalism

*Ludicrous* Edward Niedermeyer, 2019-08-20 Tesla is the most exciting car company in a generation but can it live up to the hype Tesla Motors and CEO Elon Musk have become household names shaking up the staid auto industry by creating a set of innovative electric vehicles that have wowed the marketplace and defied conventional wisdom The company

s market valuation now rivals that of long established automakers and to many industry observers Tesla is defining the future of the industry But behind the hype Tesla has some serious deficiencies that raise questions about its sky high valuation and even its ultimate survival Tesla s commitment to innovation has led it to reject the careful zero defects approach of other car manufacturers even as it struggles to mass produce cars reliably and with minimal defects While most car manufacturers struggle with the razor thin margins of mid priced sedans Tesla s strategy requires that the Model 3 finally bring it to profitability even as the high priced Roadster and Model S both lost money And Tesla s approach of continually focusing on the future even as commitments and deadlines are repeatedly missed may ultimately test the patience of all but its most devoted fans In Ludicrous journalist and auto industry analyst Edward Niedermeyer lays bare the disconnect between the popular perception of Tesla and the day to day realities of the company and the cars it produces Blending original reporting and never before published insider accounts with savvy industry analysis Niedermeyer tells the story of Tesla as it s never been told before with clear eyes objectivity and insight [Digital Film and Television Culture](#) Helle Kannik

Haastrup,2025-04-14 Digital Film and Television Culture introduces a new framework for the aesthetic and cultural analysis of contemporary film and serial drama stars on social media and movie awards shows It examines contemporary digital media culture with four specific case studies their cultural contexts and how audiences engage with them online Drawing on two perspectives the digital media circuit and the expanded cultural forum as frameworks for the analysis this book explores the complexity of film and television culture in the digital age The analysis encompasses films with experimental storytelling techniques from blockbusters to art films coming of age serial drama as hybrid genre the visual identity narratives of movie stars on social media and the broadcast movie awards as a cultural authority in the era of streaming The book offers in depth case studies of Everything Everywhere All at Once Stranger Things the performance of Zendaya and Timoth e Chalamet on Instagram and the Academy Awards Ceremony as live media event genre Each chapter includes a genre analysis an examination of the cultural context and a micro study of how audiences engage on Letterboxd Reddit or other social media This timely cross disciplinary book is essential reading for students and scholars in film media cultural studies celebrity and digital cultures and for anyone interested in contemporary film and television culture [Digital Humanitarians](#) Patrick

brilliantly reported Shelf Awareness look inside Reddit the wildly popular often misunderstood website that has changed the culture of the Internet Reddit hails itself as the front page of the Internet It's the third most visited website in the United States and yet millions of Americans have no idea what it is We Are the Nerds is an engrossing look deep inside this captivating maddening enterprise whose army of obsessed users have been credited with everything from solving cold case crimes and spurring tens of millions of dollars in charitable donations to seeding alt right fury and landing Donald Trump in the White House We Are the Nerds is a gripping start up narrative the story of how Reddit's founders Steve Huffman and Alexis Ohanian rose up from their suburban childhoods to become millionaires and create an icon of the digital age before seeing the site engulfed in controversies and nearly losing control of it for good Based on Christine Lagorio Chafkin's exclusive access to founders Ohanian and Huffman We Are the Nerds is also a compelling exploration of the way we all communicate today and how we got here Reddit and its users have become a mirror of the Internet it has dingy corners shiny memes malicious trolls and a sometimes heart melting ability to connect people across cultures oceans and ideological divides

*The Pornography Industry* Shira Tarrant,2016-03-01 We may know pornography when we see it but the business of pornography is a surprisingly elusive subject Reliable figures about the industry are difficult to come by and widely disputed but one matter that is hardly debatable is that pornography is a major and ubiquitous enterprise Porn allegedly accounts for one third of all internet traffic currently though the data about actual consumption is unclear Reports in recent years have suggested that 70 million individuals visit porn sites every week that among viewers aged 18-24 women watch more porn than men and that among middle aged white collar workers three quarters of men and half of women have admitted to looking at pornography websites while at work While debates and emotions around porn can run high there is a crucial need for reliable information and rational conversation In this book Shira Tarrant parses the wide range of statistics that we have on the pornography industry sorting myth from reality in an objective fascinating and knowledgeable fashion She looks at ongoing political controversies around the industry the feminist porn wars the views of the religious right the history of pornography landmark legal cases and the latest in medical research The Pornography Industry also explains the industry basics who works in porn why people become performers how much they earn and what happens on a porn set It further delves into important questions such as how many teenagers watch porn and should we worry about it What is porn piracy and can it be stopped What can the industry do about sexist and racist pornography Does porn cause violence against women Can people become addicted to porn Is watching porn the same as infidelity By presenting competing perspectives in an even handed way The Pornography Industry will enable readers to explore these provocative issues and make their own best decisions about the debates

*The Revolution That Wasn't* Spencer Jakab,2022-01-27 January 2021 in one week a motley crew of retail traders on Reddit's r/wallstreetbets forum seemingly accomplish the impossible they bring down some of the biggest richest players on Wall Street Their weapon is GameStop a failing retailer whose shares briefly become the

most traded security on the planet and the subject of intense media coverage The Revolution That Wasn't is the riveting story of how the meme stock squeeze unfolded and of the real architects and winners of the GameStop rally Drawing on his years as a stock analyst at a major bank Jakab exposes technological and financial innovations such as Robinhood's habit forming smartphone app as ploys to get our dollars within the larger story of evolving social and economic pressures The surprising truth What appeared to be a watershed moment a revolution that stripped the ultra powerful hedge funds of their market influence and placed power back in the hands of everyday investors only tilted the odds further in the house's favour In this nuanced analysis Jakab shines a light on the often misunderstood profit motives and financial mechanisms to show how this so called revolution is on balance a bonanza for Wall Street But Jakab argues that there really is a way for ordinary investors to beat the pros by refusing to play their game

*Reset* Ellen K. Pao, 2017-09-19 The necessary and incisive Roxane Gay account of the discrimination case that has blown open a conversation about the status of women in the workplace NYT In 2015 Ellen K Pao sued a powerhouse Silicon Valley venture capital firm calling out workplace discrimination and retaliation against women and other underrepresented groups Her suit rocked the tech world and exposed its toxic culture and its homogeneity Her message overcame negative PR attacks that took aim at her professional conduct and her personal life and she won widespread public support Time hailed her as the face of change Though Pao lost her suit she revolutionized the attitudes at tech offices in the media and around the world In Reset she tells her full story The daughter of immigrants Pao was taught she could achieve her dreams through hard work She earned Ivy League degrees worked at top startups and in 2005 was recruited by Kleiner Perkins arguably the world's top venture capital firm She did everything right and yet she and other women and people of color were excluded from success cut out of decisive conversations and events with their work undercut or appropriated It was time to reset After Kleiner Pao became CEO of reddit where she took forceful action to transform the company and product She banned revenge porn and unauthorized nude photos other media sites quickly followed and shut down harassing subreddits She cofounded Project Include a winning nonprofit for accelerating inclusion in tech She shines a light on issues plaguing today's workplace and lays out practical inspiring and achievable goals for a better future Ellen K Pao's Reset is a rallying cry the story of a whistleblower who aims to empower everyone struggling to be heard Praise for Reset Necessary and incisive As Ellen Pao detailed her experiences while also communicating her passion for the work men often impeded her from doing I was nothing short of infuriated It was great to see a highly accomplished woman of color speaking out like this and hopefully this book will encourage more women to come forward give voice to their experiences in the workplace and contribute to meaningful change Roxane Gay They promised her a meritocracy and gave her a glass ceiling instead It just wasn't fair She's right NYT Book Review Ellen Pao was one of the earliest voices sounding the alarm about bias and discrimination in the tech world Reset explores the all too common challenges she faced and provides an instructive blueprint for equity and fairness Katie Couric Ellen Pao is a phenomenal woman For anyone who

cherishes the illusion that the tech industry is somehow superior to say investment banking Pao s book will come as a shock They say a fish rots from the head down Same goes for Silicon Valley The Guardian Vivid and fascinating reading Her willingness to come forward paved the way for other whistleblowers The Pao effect is real Fortune Ellen Pao courageously confronted Silicon Valley s venture capital world by calling out bias and discrimination She emerged from a public trial media frenzy and a fierce battle against online harassment with her strength spirit and voice intact In Reset with deep intelligence and a gift for storytelling Pao movingly and passionately recounts her path to activism and advocacy Her book offers a rare glimpse into the gender roles and stereotypes that still pervade one of the world s most profitable trading centers Henry Louis Gates Jr Ellen Pao reveals in detail her experiences as a woman working in the world of tech and gives voice to the experiences of women working across many professions in America today Writing transparently was courageous and Pao is hoping it will help people of all backgrounds rise This woman has guts Ann Curry
