## Cli Fi Novel Ebook:

*Dystopias and Utopias on Earth and Beyond* Douglas A. Vakoch, 2021-04-29 Caught as we are in a grave climate crisis that seems more irreversible with every passing year our literary portrayals of the future often feature the dystopian collapse of the world as we know it Science fiction explores how we got here while pointing toward a more hopeful path forward From an ecofeminist perspective a core cause of our current ecological catastrophe is the patriarchal domination of nature playing out in parallel with the oppression of women As an alternative to dystopian futures that seem increasingly inevitable ecofeminist science fiction helps us conjure utopias that promote environmental sustainability based on more egalitarian human relationships *Dystopias and Utopias on Earth and Beyond* Feminist Ecocriticism of Science Fiction explores the fictional worlds of such canonical novelists as Margaret Atwood Octavia Butler Ursula K Le Guin Doris Lessing and Joan Slonczewski as well as those of lesser known science fiction writers as they collectively probe humanity's greatest existential threats Contributors from five continents provide compelling analyses of far future dystopias on Earth that are all too easy to imagine becoming reality if humankind's current trajectory continues as well as provocative insights into science fiction utopias set on idyllic planets orbiting distant stars which offer liberatory alternatives that might someday be actualized in the real world By examining the links between the destruction of the environment and the domination of women *Dystopias and Utopias on Earth and Beyond* provides the tools to counteract those intertwined oppressions helping create a foundation for a truly habitable world

**Reimagining Science Fiction** Gary Westfahl, 2025-10-31 In the first decades of the twenty first century science fiction literature has been transformed in many ways as the genre has reacted to the dominating influence of films television and video games the growing popularity of fantasy the rise of young adult science fiction and graphic novels the impact of the internet and social media and the increasing diversity of the authors characters and often non Western settings The essays making up this volume address these and other changes in two ways Some consider new critical approaches to science fiction in response to changing circumstances including analyses of how evolutionary psychology explains today's science fiction the emerging subgenre of cli fi exploring the effects of climate change the use of science fiction in different areas of the college curriculum and a statistical method for identifying works of science fiction Others examine significant new authors such as Nalo Hopkinson Charles Stross Paolo Bacigalupi Suzanne Collins Mira Grant John Sandford and David Mura Contributors include science fiction author Howard V Hendrix and experts in the fields of Chinese studies gender studies literature philosophy and religion

Key Concepts in Contemporary Popular Fiction Bernice M. Murphy, 2017-03-01 Key Concepts in Contemporary Popular Fiction represents an invaluable starting point for students wishing to familiarise themselves with this exciting and rapidly evolving area of literary studies It provides an accessible concise and reliable overview of core critical terminology key theoretical approaches and the major genres and sub genres within popular fiction Because popular fiction is significantly shaped by commercial forces the book also provides critical and

historical contexts for terminology related to e books e publishing and self publishing platforms By using focusing in particular on post 2000 trends in popular fiction the book provides a truly up to date snapshot of the subject area and its critical contexts **Dystopian States of America** Matthew B. Hill,2022-09-13 Dystopian States of America is a crucial resource that studies the impact of dystopian works on American society including ways in which they reflect our deep and persistent fears about environmental calamities authoritarian governments invasive technologies and human weakness Dystopian States of America provides students and researchers with an illuminating resource for understanding the impact and relevance of dystopian and apocalyptic works in contemporary American culture Through its wide survey of dystopian works in numerous forms and genres the book encourages readers to connect with these works of fiction and understand how the catastrophically grim or disquieting worlds they portray offer insights into our own current situation In addition to providing more than 150 encyclopedia articles on a large and representative sample of dystopian apocalyptic narratives in fiction film television and video games including popular works that often escape critical inquiry Dystopian States of America features a suite of critical essays on five themes war pandemics totalitarianism environmental calamity and technological overreach that serve as the foundation for most dystopian worlds of the imagination These offerings complement one another enabling readers to explore dystopian conceptions of America and the world from multiple perspectives and vantage points

**A Climate Carol and Other Cli-Fi Short Stories** Richard Friedman,2018-11-20 Climate fiction author Richard Friedman takes the reader on a journey from the bottom of the Atlantic Ocean to the edges of the universe with his collection of short stories A narcissistic east coast billionaire receives a visit from three ghosts in a contemporary spin of a timeless classic Judgment Day asks is humanity worth saving A family takes a tour through the Grand Museum of the Universe in The Docent and the crew of the space shuttle witnesses a nuclear holocaust in The World Burns Below Enjoy these and more stories of global warming hope redemption and a little humor too Richard is donating part of the proceeds from sales of this book to The Climate Reality Project

**Reading the Romantic Ridiculous** Andrew McInnes,Rita J. Dashwood,2024-09-02 Reading The Romantic Ridiculous aims to take Romantic Studies from the sublime to the ridiculous Building on recent work that decentres the myth of the solitary genius this duograph theorises the ridiculous as an alternative affect to the sublime privileging collective laughter above solitude and selfishness and reflecting on these ideals through the practice of joint authorship Tracing the history of the ridiculous through Romantic and post Romantic debates about sublimity from the rediscovery of Longinus and the aesthetic theories of Burke and Kant to contemporary queer and postcolonial theory interested in silliness lowness and vulnerability Reading the Romantic Ridiculous explores Romanticism s surprising commitments to ridiculousness in canonical material by writers such as Samuel Taylor Coleridge Jane Austen and Charles Lamb as well as lesser known material from joke books to children s literature In theory and practice this duograph also considers the legacies of Romanticism and ridiculousness today analysing their influence on independent film sitcoms and

young adult fiction as well as their place in higher education now     [Crisis and the Culture of Fear and Anxiety in Contemporary Europe](#) Carmen Zamorano Llena, Jonas Stier, Billy Gray, 2023-08-01 The accrualment of crises over the last two decades with their particular manifestations in the European context has evoked the feeling of living in exceptional times as captured in the recurrent claim that we live in the age of anxiety The main aim of this collection is to analyse from a multidisciplinary perspective the causes and consequences of the current dominance of the discourse of fear anxiety and crisis through the experience of distinct and often interdependent moral panics in twenty first century Europe With its multidisciplinary approach this volume sheds light on the need to view the interrelationship between different crises and their associated affects as crucial in attaining a more nuanced understanding of the aetiology and effects of the current age of anxiety This multidisciplinary scrutiny of the interrelationship of twenty first century fears anxiety and crises signals an original engagement with these complex phenomena in order to make their emergence and profound effects on contemporary society more comprehensible The timeliness of the thematic focus and the rigorous in depth analyses make this collection relevant to students and academics within the fields of sociology literary and cultural studies political science and anthropology as well as to those in European studies and global studies

*The Hall of Homeless Gods* John Michael Greer, 2024-09-24 A cli fi thriller in a gritty future Meet Jerry Shimizu He s a tough two fisted fixer who works for the boss of Habitat Four one of five Japanese refugee communities built on abandoned oil platforms off the coast of the United States in a hard edged dystopian future of technological decline and climate chaos His beat is Shoreside the bustling brawling anything goes temporary port on the beach two miles from the Habitats He s trying to bust a robbery ring that s preying on Shoreside gambling money when he encounters a mysterious woman with strange mental abilities Before long he s having to dodge hoods sent after him by Shoreside s crime lord agents of the US government and spies from its archrival the European Union Does all this have anything to do with rumors of a secret supercomputer project in the now abandoned country inland from Shoreside a project that once left a string of corpses behind it and now might yield a fabulous trove of old world technology Jerry s going to find out if he can survive long enough
