**Abstract** This article discusses the importance of the relationship between the individual and the community in the context of the social sciences. It argues that the individual is not a passive recipient of social forces, but an active participant in the construction of social reality. The article also discusses the importance of the relationship between the individual and the community in the context of the social sciences. It argues that the individual is not a passive recipient of social forces, but an active participant in the construction of social reality.
