How Successful People Think about Failure Mayowa Ajisafe,2015-07-06 What did Successful People Think about Failure I love talking about my failures in life more than I love talking about my successes but that doesn t mean I don t have success stories to tell but it s all because I believed my failures are the only reasons I ve had my successes In this book I share some lessons I ve learned from life that have brought me successes as well as that from other more successful people I ve known in life **A Journey with Purpose** Leland Jones,2018-07-29 A Journey with

Purpose A Guide to Overcoming Conquering Failure This book was created to share the stories and experiences of the life of author Leland Jones and how was able to share the lessons he had learned to grow and succeed in overcoming and conquering his failures for your benefit This book will provide tips on how to Look at the pain of failure Overcome the pain of

failure Win after failure Not make the same mistakes again Find your purpose Use your purpose as a tool to overcome failure Continue your success after overcoming and conquering failure Failure is a word that carries a lot of negative connotation Just like it hurts when everything is going as normal then you stub your toe and want to shout in anger at the pain failure works the same way You might be cruising along in your journey and you hit a roadblock a set back or just a flat out rejection Instantly it hurts That is a normal feeling Everyone at some point in their life has faced failure and almost all of those times I am sure that it hurt The good news about failure is that it is not a static place Just because you fail does not mean YOU are a failure It just means you FACED a failure What that means is that it allows for you a learning opportunity A chance to try again and do it better bigger and more efficiently Without failure there would be no success They go hand in hand and that is what makes it so rewarding when you do see success I always tell the people I mentor that one day of success is built upon one thousand days of failure That is why failure is so vital to your success A fail is just a short word that means success building block Without it there is no grounds for success It is just like when you first learned to walk Whether you knew it or not every time you fell over you got back up and tried again Each time you stood back up you were stronger had more knowledge about what not to do and eventually were able to walk on your own This book will explore all three of these concepts from the pain of failure how to use failure as a learning opportunity and finally how you can start laying the foundation of your purpose with the building blocks of failure **Life Lessons from a Total Failure** M.
