Robinson,1987 *Summary* ,2020-04-25 Summary David Goliath by Malcolm Gladwell Whether a conflict is between two nations two businesses or even a person battling physical dysfunction we tend to assume that the bigger and better armed of the opponents will take the day That s why stories like the battle between Goliath and David capture our imagination they are so remarkable But Malcolm Gladwell proposes that we are missing out on the bigger picture we assume too much about outcomes and miss some realities which paint a different picture Certainly Goliath presents an imposing threat but he is generally not as invulnerable as we initially expect and David is not without resources and options In making this point in David and Goliath Underdogs Misfits and the Art of Battling Giants Gladwell reviews a number of underdog stories which illustrate his core message that David is much more likely to succeed against Goliath than is generally expected while providing insights into how each of us can find the resources needed to overcome our own Goliaths Benefits of Swiftread summaries Readability clear concise and well written for easy reading Retention structured into logical sections and enhanced with bullet points lists and quotations to maximize retention of knowledge Review provides a fast knowledge refresher when you need it Take action today and download this book for a limited time discount of only 2 99 THE STORY OF DAVID AND GOLIATH.
