Career Goal Counseling William H. McKelvie,B. Udelle Friedland,1978 **Integrative**

Life Planning Lorraine Sundal Hansen,1997 In the field of career development Integrative Life Planning is a landmark book that recognizes the radical shifts in today s lifestyles and workplaces and offers a holistic counseling approach that joins career planning with the life path of an individual Written by L Sunny Hansen a pioneer in career development this important resource details her highly regarded concept of integrative life planning ILP As the book reveals using the ILP framework enables career professionals counselors and their clients to develop career and life patterns that are holistic and focused on both individual satisfaction and community benefit Integrative Life Planning provides an analysis of Hansen s revolutionary ILP concept that is anchored in an interdisciplinary framework of six critical tasks finding work that needs doing in changing global contexts weaving our lives into a meaningful whole connecting family and work valuing pluralism and inclusivity exploring spirituality and life purpose and managing personal transitions and organizational change The book offers a wealth of ideas and information on each of the critical tasks as well as illustrative strategies and career interventions that can be used or adapted when implementing the ILP concept ILP is an ideal approach for dealing with changes in work family learning and society Using a quilt metaphor it integrates many aspects of individuals families and organizations including both the personal and the professional In this pioneering work the author advocates for people to make life choices and decisions consistent with the changes of a dynamic global society The ILP concept takes into account self satisfaction and the common good personal accomplishment and community benefit Hansen argues persuasively that this global approach can lead to more meaningful lives more humane relationships and a more caring society **Career Counseling** Dave

Capuzzi, Mark D. Stauffer, 2012 This text provides the beginning counseling student with a comprehensive overview and discussion of the practical application of career counseling skills. Based on the view that counselors must be prepared in a holistic manner, it covers the historical and theoretical foundations of career counseling, the skills and techniques needed for career counseling, and contextual perspectives on career and lifestyle planning. Important material that is often overlooked in introductory texts is included such as career and lifestyle planning with clients in mental health rehabilitation and couples and family counseling settings, gender issues, and working with LGBT and minority clients. Throughout the text, case studies, informational sidebars, and experiential activities make for a more engaging learning experience and encourage additional contemplation of chapter content. This new edition features new, updated, and expanded content throughout the division of career counseling in schools into separate chapters for K-8th grade, high school, and college, including traditional, hybrid, and online campuses, and an online instructor's manual with student resources offering material to enhance the pedagogical features of the text.
