**Blurred Borders** Jorge Duany, 2011-09-12 In this comprehensive comparative study Jorge Duany explores how migrants to the United States from Cuba the Dominican Republic and Puerto Rico maintain multiple ties to their countries of origin Chronicling these diasporas from the end of World War II to the present Duany argues that each sending country s relationship to the United States shapes the transnational experience for each migrant group from legal status and migratory patterns to work activities and the connections migrants retain with their home countries Blending extensive ethnographic archival and survey research Duany proposes that contemporary migration challenges the traditional concept of the nation state Increasing numbers of immigrants and their descendants lead what Duany calls bifocal lives bridging two or more states markets languages and cultures throughout their lives Even as nations attempt to draw their boundaries more clearly the ceaseless movement of transnational migrants Duany argues requires the rethinking of conventional equations between birthplace and residence identity and citizenship borders and boundaries

**The Indian Caribbean** Lomارش Roopnarine, 2018-01-19 Winner of the 2018 Gordon K and Sybil Farrell Lewis Award for the best book in Caribbean studies from the Caribbean Studies Association This book tells a distinct story of Indians in the Caribbean one concentrated not only on archival records and institutions but also on the voices of the people and the ways in which they define themselves and the world around them Through oral history and ethnography

Lommarsh Roopnarine explores previously marginalized Indians in the Caribbean and their distinct social dynamics and histories including the French Caribbean and other islands with smaller South Asian populations He pursues a comparative approach with inclusive themes that cut across the Caribbean In 1833 the abolition of slavery in the British Empire led to the import of exploited South Asian indentured workers in the Caribbean Today India bears little relevance to most of these Caribbean Indians Yet Caribbean Indians have developed an in between status shaped by South Asian customs such as religion music folklore migration new identities and Bollywood films They do not seem akin to Indians in India nor are they like Caribbean Creoles or mixed race Caribbeans Instead they have merged India and the Caribbean to produce a distinct dynamic local entity The book does not neglect the arrival of nonindentured Indians in the Caribbean since the early 1900s These people came to the Caribbean without an indentured contract or after indentured emancipation but have formed significant communities in Barbados the US Virgin Islands and Jamaica Drawing upon over twenty five years of research in the Caribbean and North America Roopnarine contributes a thorough analysis of the Indo Caribbean among the first to look at the entire Indian diaspora across the Caribbean *English-Speaking Caribbean Immigrants* Lear Matthews,2013-10-30 This book highlights important but insufficiently documented dimensions of the experience of English speaking Caribbean immigrants in the United States It focuses on successes and challenges of what might be perceived as living in two worlds The central theme post migration transnational connections is informed by new research on the topic The thrust of the book is on trends practices and policies pertaining to transnational issues and it uses both academic and applied approaches in its research Having examined contemporary adjustment concerns of Caribbean immigrants the authors present research findings critical analyses and suggest possible solutions to social and psychological problems immigrants confront as their life space is influenced by both places of origin and destination This book fills a void in the literature pertaining to the emerging transnational experiences of Anglophone Caribbean immigrants that has not been fully explored Constructing Vernacular Culture in the Trans-Caribbean Holger Henke,Karl-Heinz Magister,2008-01-01 Constructing Vernacular Culture in the Trans Caribbean traces the contradictory cultural trajectories constructed and re produced in the fluid diasporic spaces we call the Trans Caribbean Particular emphasis is placed on such cultural expressions that reflect or derive from the cultural vernacular and popular culture as it exists in these spaces Its multidisciplinary approach and focus on different language areas in the Trans Caribbean are of particular interest to scholars in cultural studies migration literary theory and cultural criticism *Caribbean Migrations* Anke Birkenmaier,2020-12-18 2021 Choice Outstanding Academic Title With mass migration changing the configuration of societies worldwide we can look to the Caribbean to reflect on the long standing entangled relations between countries and areas as uneven in size and influence as the United States Cuba Hispaniola Puerto Rico and Jamaica More so than other world regions the Caribbean has been characterized as an always already colonial region It has long been a key area for empires warring over influence spheres in the new world and where

migration waves from Africa Europe and Asia accompanied every political transformation over the last five centuries In Caribbean Migrations an interdisciplinary group of humanities and social science scholars study migration from a long term perspective analyzing the Caribbean s unincorporated subjects from a legal historical and cultural standpoint and exploring how despite often fractured public spheres Caribbean intellectuals artists filmmakers and writers have been resourceful at showcasing migration as the hallmark of our modern age Caribbean Migration Mary Chamberlain,2002-03-11 This anthology represents important and original directions in the study of Caribbean migration It takes a comparative perspective on the Caribbean people s migratory experiences to North America Europe and within the Caribbean Using a multi disciplinary approach the book discusses the causes of migration the experiences of migrants the historical cultural and political processes issues of gender and imperialism the methodology of migration studies including oral history **The Experience of Return Migration** Robert B.
