**Carolyn Carlson, de l'intime à l'universel** Thierry Delcourt, 2015-09-02 De l'intime l'universel est un essai biographique de Thierry Delcourt sur la chorégraphe danseuse calligraphe poète et pédagogue Carolyn Carlson I Don't Know Who I Am Thierry Delcourt, 2025-08-22 From time immemorial human beings have questioned their identity in an attempt to better understand themselves The evolution of society accelerated by new technologies makes the quest for self more perilous if left unchecked Are we about to become virtual What are the psychic effects of AI and digital content What are the consequences of the ecological crisis What troubles are linked to questions about gender What is the impact of wars and the radicalization of political debate In this essay Thierry Delcourt takes these topical questions as a starting point to reveal the mechanisms that are causing our identity to suffer He draws on clinical studies of the adolescents and young adults he works with on a daily basis The question is not was it better before but what do we do with the new social political and economic situation To resist and preserve our identity we need to learn to decipher and create in order to assert our free will and our existence I'm a Teenager and I Call my Shrink Thierry Delcourt, 2025-10-21 It's better to talk to you than to my parents I wouldn't want to hurt their feelings Anguish when it takes hold of me is a terrible abyss I don't know who I am anymore It's like voices are talking to me it's strange I'm afraid Today teenagers dare to consult on their own We welcome the end of the taboo and the fact that it's easier to speak out but beware of the dizzying confusion that can turn a teenager's life upside down A challenge a bad encounter an emotional break up and it can be a catastrophe of a perdition The precipitous and uncertain evolution of society the family the relationship to work and culture upsets the reference points of both teenagers and parents The result is often a sense of unease that can even go as far as incommunicability Adolescence is therefore a crucial time to talk it's the most important time to talk Thierry Delcourt guides us and suggests concrete situations to help parents and teenagers find their way towards greater well being and dialogue Let's not forget that the teenage period is rich in creative potential which needs to be revealed The book is aimed at teens and parents alike It can even be read together as a way of talking and hearing each other differently **The Insanity of the Artist** Thierry Delcourt, 2023-07-04 Salvador Dal sublimated his madness without ever falling into it Antonin Artaud confronted with the traumas of childhood oscillated all his life between an overflowing creation and accesses of madness Niki de Saint Phalle thanks to artistic expression cured herself of a deep depression linked to the trauma of incest Vincent van Gogh in order to reach the summit of his art put himself in danger to the point of committing suicide Camille Claudel exhausted herself in her creation and ended up being interned and never creating again Based on the life and work of a dozen artists of genius Thierry Delcourt tries to understand these artists' transition from the summits of creation and the artistic abyss Why do some people fall into madness while others go through life without a hitch Why do some sick people find healing through creation Why do many artists have an obsessive need to create relentlessly To these fascinating questions this book offers striking
