Carlos Rey Emperador:

Carlos, Rey Emperador Laura Sarmiento Pallarés, 2015-09-22 Después del gran éxito de Isabel TVE lanza ahora Carlos Rey Emperador Este libro es la novela de la serie escrita por su misma guionista Como se convirtió un joven taciturno y sin brillo en uno de los hombres más poderosos que ha conocido Europa a lo largo de los siglos Como aquel que hablaba menos en un mes de lo que Lutero habla en un día pudo erigirse en campeón de la cristiandad y gobernar un imperio de proporciones tan extraordinarias como diverso Como fue capaz de hacerlo enfrentado además a rivales tan taimados y poderosos como Francisco I Solimón el Magnífico Enrique VIII e incluso los sucesivos moradores de la Santa Sede Y de qué modo sus deberes chocaron con el amor profundo que sentía por la emperatriz Isabel de Portugal La novela Carlos Rey Emperador nos lo cuenta Una gran novela sobre una época fascinante de nuestra historia la formación del Imperio español Nieto de los Reyes Católicos e hijo de Juana la Loca y de Felipe el Hermoso educado en el extranjero esposo enamorado y padre de Felipe II Carlos V es uno de los personajes más asombrosos de la historia

Carlos, rey emperador, *Writing Mary I* Valerie Schutte, Jessica S. Hower, 2022-05-06 This book along with its companion volume Mary I in Writing Letters Literature and Representations centers on representations of Queen Mary I in writing broadly construed and the process of writing that queen into literature and other textual sources It spans an equally wide chronological and geographical scope accounting for the years prior to her accession in July 1553 through the centuries that followed her death in November 1558 and for her reach across England and into Ireland Spain Italy Russia and Africa Its intent is to foreground words and language written spoken and acted out and by extension to draw out matters of and conversations about rhetoric imagery methodology source base genre narrative form and more Taken together these volumes find in England's first crowned queen regnant an incomparable opportunity to ask new questions and seek new answers that deepen our understanding of queenship the early modern era and modern popular culture

Mary and Philip Alexander Samson, 2020-01-22 The co-monarchy of Mary I and Philip II put England at the heart of early modern Europe This positive reassessment of their joint reign counters a series of parochial misogynist and anti-Catholic assumptions correcting the many myths that have grown up around the marriage and explaining the reasons for its persistent marginalisation in the historiography of sixteenth-century England Using new archival discoveries and original sources the book argues for Mary as a great Catholic queen while fleshing out Philip's important contributions as king of England It demonstrates the many positive achievements of this dynastic union in everything from culture music and art to cartography commerce and exploration An important corrective for anyone interested in the history of Tudor England and Habsburg Spain

The Conquest of Mexico Peter B. Vilella, Pablo García Loeza, 2022-07-07 The Spanish invasion of Mexico in 1519 which led to the end of the Aztec Empire was one of the most influential events in the history of the modern Atlantic world But equally consequential as this volume makes clear were the ways the Conquest was portrayed In essays spanning five centuries and three continents The Conquest of Mexico 500 Years

of Reinventions explores how politicians writers artists activists and others have strategically reimagined the Conquest to influence and manipulate perceptions within a wide variety of controversies and debates including those touching on indigeneity nationalism imperialism modernity and multiculturalism Writing from a range of perspectives and disciplines the authors demonstrate that the Conquest of Mexico whose significance has ever been marked by fundamental ambiguity has consistently influenced how people across the modern Atlantic world conceptualize themselves and their societies After considering the looming ubiquitous role of the Conquest in Mexican thought and discourse since the sixteenth century the contributors go farther afield to examine the symbolic relevance of the Conquest in contexts as diverse as Tudor England Bourbon France postimperial Spain modern Latin America and even contemporary Hollywood Highlighting the extent to which the Spanish Aztec conflict inspired historical reimaginings these essays reveal how the Conquest became such an iconic event and a perennial medium by which both Europe and the Americas have for centuries endeavored to understand themselves as well as their relationship to others A valuable contribution to ongoing efforts to demythologize and properly memorialize the Spanish Aztec War of 1519 21 this volume also aptly illustrates how we make history of the past and how that history making shapes our present and possibly our future

La historia en la pantalla: hechos, propaganda y manipulación. El caso de Felipe II Fernando Suárez Bilbao, 2020-12-31 Es posible conocer un personaje histórico a través de la pantalla A tratar de responder a esta pregunta se orientan las páginas que tiene el lector entre sus manos o en su pantalla Es evidente que en los últimos veinte años los medios audiovisuales se han convertido en intensos divulgadores del conocimiento histórico y para la mayor parte de la población

incluidos los universitarios las imágenes vertidas en la pantalla se han convertido en la única Historia que conocen. A ello se añade el entusiasmo de una buena parte de los docentes por el uso de estas imágenes gracias al fácil acceso a las mismas con fines didácticos lo que refuerza en el pensamiento colectivo estereotipos y simplificaciones que afectan directamente al conocimiento complejo de la verdadera historia. En este breve ensayo se trata de analizar la figura de uno de los monarcas más importantes de la Historia en general y de la Historia de España en particular a través de las producciones audiovisuales para ver cuántos hechos se pueden conocer allí pero también cuánta propaganda y manipulación han asumido o generado estas producciones audiovisuales. Desde su nacimiento hasta su muerte en producciones españolas y extranjeras de cine y televisión tratando de desgranar lo verdadero que es mucho y lo falso que no es menos que aparece en la pantalla ante el espectador tanto en su representación física como en las actuaciones y hechos que se representan partiendo de unas reflexiones previas a las que se dedica la primera parte del trabajo sobre la necesaria veracidad que los productos audiovisuales deben respetar porque la Verdad Histórica está por encima de todo incluso de las liberalidades artísticas. Cada lector debe decidir por sí mismo la respuesta a la pregunta propuesta pero lo que es innegable es que la pantalla es una realidad que ha venido para quedarse y a la que de nada sirve que los historiadores le den la espalda. Public Record Office, 1896 **Ensayo de un catálogo biográfico de escritores de la provincia y diócesis de Córdoba con descripción de sus obras** Rafael Ramírez de Arellano, 1921 **El papa blanco y el papa negro; ó, La compañía de Jesús** J. Salazar y Souleret (conde de.), 1896 *Historia general de España* Modesto Lafuente, Juan Valera, 1889 La España moderna, 1901 *Conquest of New Spain* Bernardino (de Sahagún), 1989 In Book Twelve of the Florentine Codex the encyclopedic work on ancient Mexico of Franciscan friar Bernardino de Sahagún 1499 1590 he focuses on the history of the Spanish conquest. It includes the Nahuatl text and Sahagún's translation into Spanish. The original 1579 manuscript was subsequently revised by Sahagún in 1585 and although the original has been lost in 1970 John Glass found another copy of the Spanish translation in the Boston Public Library. This was made available to Howard Cline for a project to create an edition of all available versions of Book Twelve. The project was continued and completed by Susan Cline resulting in the present book. It includes facsimile editions of the Boston manuscript and notes and opinions by the Mexican scholar Carlos María de Bustamante taken from an 1840 publication. It also includes a transcription of the Boston manuscript and an English translation of the same made by Howard Cline. A fuller history of this work is provided in the introduction by Susan Cline explaining the differences and possible explanation for the changes between the 1585 revision and the original manuscript.
