Carlos Monsivais Culture And Chronicle In Contemporary Mexico:

Carlos Monsiváis Linda Egan, 2001-09 One of Mexico's foremost social and political chroniclers and its most celebrated cultural critic Carlos Monsiváis has read the pulse of his country over the past half century The author of five collections of literary journalism pieces called *crónicas* he is perhaps best known for his analytic and often satirical descriptions of Mexico City's popular culture This comprehensive study of Monsiváis's *crónicas* is the first book to offer an analysis of these works and to place Monsiváis's work within a theoretical framework that recognizes the importance of his vision of Mexican culture Linda Egan examines his ideology in relation to theoretical postures in Latin America the United States and Europe to cast Monsiváis as both a heterodox pioneer and a mainstream spokesman She then explores the poetics of the contemporary chronicle in Mexico reviewing the genre's history and its relation to other narrative forms Finally she focuses on the canonical status of Monsiváis's work devoting a chapter to each of his five principal collections Egan argues that the five books that are the focus of her study tell a story of ever renewing suspense we cannot know the end until Monsiváis is through constructing his literary project Despite this she observes his work between 1970 and 1995 documents important discoveries in his search for causes effects and deconstructions of historical obstacles to Mexico's passage into modernity While anthropologists and historians continue to introduce new paradigms for the study of Mexico's cultural space Egan's book provides a reflexive twist by examining the work of one of the thinkers who first inspired such a critical movement More than an appraisal of Monsiváis it offers a valuable discussion of theoretical issues surrounding the study of the chronicle as it is currently practiced in Mexico It balances theory and criticism to lend new insight into the ties between Mexican society social conscience and literature

Diverse perspectives on the chronicle as a literary genre and socio cultural practice. [Moments, Metaphors, Memories](#) Kausik Bandyopadhyay, Souvik Naha, 2021-05-13

As the most popular mass spectator sport across the world soccer generates key moments of significance on and off the field encapsulated in events that create metaphors and memories with wider social, cultural, psychological, political, commercial and aesthetic implications. Since its inception as a modern game the history of soccer has been replete with events that have changed the organization, meanings and impact of the sport. The passage from the club to the nation or from the local to the global often opens up transnational spaces that provide a context for studying the events that have defined the sport and its followers. Such defining events can include sporting performances, decisions taken by various stakeholders of the game, accidents and violence among players and fans and invention of supporter cultures among other things. The present volume attempts to document, identify and analyse some of the defining events in the history of soccer from interdisciplinary and comparative perspectives. It revisits the discourses of signification and memorialization of such events that have influenced society, culture, politics, religion and commerce. This book was originally published as a special issue of the journal *Soccer Society*. [The Hispanic American Historical Review](#) James Alexander Robertson, 2003

The Latin American Urban Crónica explores the fluid relationship between high and low culture in Latin America. Paying attention to the peculiar development of the cultural fields in Latin America and to the consequences of present processes of globalization, Esperanza Bielsa examines the contemporary crónica in Mexico City and Guayaquil and its role in representing unofficial culture in its widest sense. This unique work is the product of the study of numerous texts and interviews with the main writers of crónica and also incorporates extensive research on reception. Essentially interdisciplinary in its approach, The Latin American Urban Crónica is one of the very few publications about this fascinating and understudied mixed genre of the area between

journalism and literature and the first to systematically situate the Latin American cr nica within social and cultural theory

The Boom Femenino in Mexico Nuala Finnegan, Jane Elizabeth Lavery, 2010 The Boom Femenino in Mexico Reading Contemporary Women's Writing is a collection of essays that focuses on literary production by women in Mexico over the last three decades In its exploration of the boom femenino phenomenon the book traces the history of the earlier boom in Latin American culture and investigates the implications of the use of the same term in the context of contemporary women's writing from Mexico In this way it engages critically with the cultural historical and literary significance of the term illuminating the concept for a wide range of readers It is clear that the entry of so many women writers into an arena traditionally reserved for men has prompted discussion around concepts such as women's writing and the very definition of literature itself Many of the contributors grapple with the theoretical tensions that such debates provoke offering an important opportunity to think critically about the texts produced during this period and the ways in which they

have impacted on the Mexican and international cultural spheres. The project is comprehensive in its scope and for the first time brings together scholars from Mexico, the US and Europe in a transnational forum. The book posits that despite certain aesthetic and thematic commonalities the increased output by women writers in Mexico cannot be appraised as a unified literary movement. Instead it embraces a wide range of different generic forms and the subjects under study in the essays in the book include the best selling work of *ngelos Mastretta*, *Elena Poniatowska* and *Laura Esquivel* as well as the social and political preoccupations of journalists *Rosanna Reguillo* and *Cristina Pacheco*. Contributors offer readings of the aesthetic visions of writers as diverse as *Carmen Boullosa*, *Ana Garc a Bergua* and *Eve Gil* while other essays examine the nuances of contemporary gender identity in the work of *Ana Clavel*, *Sabina Berman*, *Brianda Domecq* and *Mar a Luisa Puga*. There are essays devoted to poetry by indigenous Mayan women and an analysis of the complex place of poetry within the broader framework of literary production. The problems that emerge as a result of literary cataloguing based on gender politics are also considered at length in a number of essays that take a panoramic view of literary production over the period. Various critical approaches are employed throughout and the collection as a whole demonstrates that academic interest in Mexican women's writing of the boom femenio is thriving. Above all the essays here provide a space in which the location of women within prevailing cultural paradigms in Mexico and their role in the mapping of power in evolving textual canons may be interrogated. It is clear from the collection that interest in such issues is still alive and that the debate is far from over.
