**DRAGON MASTERS** has it all: Dragons, a Dragon Stone, a king, a wizard, and magic. In the first book in this fully illustrated series, 8 year old Drake is snatched up by King Roland's soldier and taken to the castle. He is to be trained as a Dragon Master. At the castle, he is joined by three other young Dragon Masters in training: Ana, Rori, and Bo. The Dragon Masters must learn how to connect with and train their dragons, and they must also uncover their dragons' special powers. Does Drake have what it takes to be a Dragon Master? What is his dragon's special power?

**Rise of the Earth Dragon** Tracey West, 2014 Eight year old Drake is snatched up by the King's soldiers and taken to the castle where he is told by the wizard Griffith that he has been chosen to be a Dragon Master like Ana, Rori, and Bo, and his first task will be to discover whether his dragon, Worm, has any special powers.

[The Dragons Return](#) J. J. Thompson, 2014-12-05 Over 3 years ago the old Earth began to die. Technology started to break down. Electricity failed. Machines stopped working. Planes, trains, and cars became useless hunks of metal. And then the dragons came. On the Night of Burning, the world's great cities were reduced to slag and rubble by dragon fire. Civilization as we knew it ceased to be. But before the end came, there were the Changlings. A few humans, children and adults alike, began to mutate into something else. Ears became pointed, fingers fused or elongated. Their old languages were lost to them, and they began to babble in unknown tongues. Perhaps one in a hundred thousand changed. Simon O Toole was one of them. Back then he was a large, middle-aged man. Now he's a skinny, awkward teenager. Simon has lost everything: his family, his friends, the world that he knew. But he has gained something, as well. Through hints in dreams, he has learned magical runes that can summon elementals. He can cast fireballs and lightning. In short, Simon has become a wizard. Slowly, carefully, he is learning to use this new power. It will take years to master his magic. Years that Simon may not have. The dragons are still on the hunt. They search for survivors of the human race, and when they

have been exterminated the dragons will turn on the last remnants of humanity the Changelings themselves And They Found Dragons (Book 1) Ted Dekker,Rachelle Dekker,2021-11 Jack is a young boy 12 born among 169 survivors of a global apocalypse who now orbit the earth and await its restoration so they can return to the surface With supplies dangerously low the time for waiting is over Humanity s last survivors must return now or die among the stars There is a problem though A big one Dragons now rule the planet and mankind s only hope rests with a small team of highly trained teenagers who are immune to the dragons toxic breath which has poisoned Earth Only they can lead humanity But first they must get to the surface alive from teddekker.com **Rise of the Earth Dragon** Tracey West,2014-08-26 In the first book in this fully illustrated series 8 year old Drake is snatched up by King Roland s soldier and taken to the castle He is to be trained as a Dragon Master At the castle he is joined by three other young Dragon Masters in training **The Erth Dragons: the Wearle** Chris D'Lacey,2015-09-29 The Wearle came to Erth to find out what happened to their previous group who never returned Gabriel a young blue dragon is desperate to prove his worth But the dragons aren t alone in the mountains Down beyond the scorch line Ren a young home boy is fascinated by the skalers But when he creeps into their territory he sneaks out again with a wriggling baby wearling Dragon and boy s fates combine in this stunning new fantasy series *The Earth-Chai Saga* J.
