Chapter 1 - The Story of Village Palampur

Agriculture is the most important sector of Indian Economy. The Indian agriculture sector accounts for 18 per cent of India's gross domestic product (GDP) and employs 50% of the country's workforce. India is the world's largest producer of pulses, rice, wheat, spices and spice products. CBSE Class 9 Social Science Chapter 1 - The Story of Village Palampur discusses topics related to the organisation of production, labour work, capital, crops production, transport, etc. All these topics are covered in our CBSE Class 9 Economics notes of Chapter 1, which are prepared by our subject experts. With these notes, learning Economics can be easy and effective. CBSE Class 9 Social Science Economics notes of Chapter 1 include all crucial concepts that help students to learn the chapter properly.

Overview

Introduction to some basic concepts related to production through a hypothetical village called Palampur where farming is the main activity. The village also has several other activities such as small scale manufacturing, dairy, transport, etc., carried out on a limited scale.

Introduction

Palampur is fairly connected with a well-developed system of roads, transport, electricity, irrigation, schools and health centres. The story of Palampur takes us through the different types of production activities in the village. In India, farming is the main production activity across villages.

Organisation of Production

The main aim of production is to produce goods and services, which require four essential things.

1. Land and other natural resources such as water, forests, minerals.
2. Labour
3. Physical Capital such as tools, machines, buildings, raw materials and money.

A variety of raw materials are required while production, such as the yarn used by the weaver and clay used by the potter. Money is also essential during production and both of them in hand are called working capital. The fourth requirement is knowledge and enterprise to be able to put together land, labour and physical capital and produce an output. Factors of production are combining of land, labour, physical capital and human capital.

Farming in Palampur

1. Land is fixed

For Palampur, village farming is their main production and the wellbeing of these people is related to production on the farms. But, there is a basic constraint in raising farm production. Land area under cultivation is practically fixed.

2. Is there a way one can grow more from the same land?

In the rainy season, Kharif farmers grow jowar and bajra followed by the cultivation of potato between October and December. In winter, farmers grow wheat and a part of the land is devoted to
