## Classroom Spaces That Work:

**Classroom Spaces that Work** Marlynn K. Clayton,2001     [Spaces & Places](#) Debbie Diller,2023-10-10 From Debbie Diller author of numerous best selling books and videos on literacy work stations and small group reading instruction comes another practical resource filled with ideas you can use immediately to better manage your classroom and support student learning and independence In Spaces Places Designing Classrooms for Literacy you ll find a wealth of full color photos from all sorts of classroom spaces in PreK 5th grade including well organized areas for whole group and small group reading instruction classroom libraries literacy work stations teacher desks and storage areas You ll love the before and after pictures and the step by step processes outlined for organizing your furniture and cabinets setting up your room space by space and using your walls thoughtfully Diller has even documented how to pack your room at the end of the year to save time next fall so you can focus on thinking about instruction and what to do if you must move all your belongings Through pictures and text this unique visual reference answers tough questions educators ask such as What do I really need in my room and what s the best way to set it up How does my physical classroom impact student learning How can I find the space I need to teach more effectively What can I get rid of and how Where do I put all my stuff Charts reproducible forms motivating quotes a list of shopping sources and reflection questions are included along with a section outlining ten specific suggestions for on going staff development Whether or not you implement literacy work stations in your classroom Spaces Placesincludes everything you need to look deeply at classroom space and how it supports instruction     [Making it as a Teacher](#) Victoria Hewett,2019-05-10 Teaching is a delightfully rewarding wonderfully enlightening and diverse career Yet at present teacher recruitment and retention are in crisis with some of the most at risk of leaving the profession being those in their early years of teaching Making it as a Teacher offers a variety of tips anecdotes real life examples and practical advice to help new teachers survive and thrive through the first 5 years of teaching from the first hand experiences of a teacher and middle leader Divided into thematic sections Making It Surviving and Thriving the book explores the issues and challenges teachers may face including Lesson planning marking and feedback Behaviour and classroom management Work life balance Progression CPD and networking With the voices of teaching professionals woven throughout this is essential reading for new teachers those undertaking initial teacher training QT mentors and other teaching staff that support new teachers in the early stages of their career     [Teaching English Language Learners](#) Michaela Colombo,2011-03-08 TESOL standards for students and teachers are outlined in the first chapter and aligned with the content of the book     [Navigating the First Years](#) Vince Bustamante,Sarah Adomako-Ansah,Tim Cusack,Wayne Davies,2025-05-19 Start your teaching journey with your best foot forward Within your classroom walls seeds of curiosity creativity and resilience are sown and your impact will ripple far beyond and into the future with each lesson you teach and every heart you touch As you embark on your teaching journey let this book be your guide Written by experienced teachers and mentors Navigating the First Years provides new teachers

with tried and true strategies resources and personal stories to support you in your first years Presented in an accessible and approachable format Navigating the First Years explores Equity and Culturally Responsive Practices Well Being and Balance The First Days of Teaching Planning and Lesson Design Instructional Practices The Learning Environment Assessment Practices By supporting new teachers in these critical areas Navigating the First Years empowers you to create dynamic learning environments that inspire curiosity promote critical thinking and prepare students for success in an increasingly complex and interconnected world    **The University Record** University of Chicago,1915    *Classroom Spaces* Lindsay Anne Latva,2017    [Material Feminisms: New Directions for Education](#) Carol Taylor,Gabrielle Ivinston,2018-02-02 Material Feminisms New Directions for Education provides a range of powerful theoretical and innovative methodological examples to illuminate how new material feminism can be put to work in education to open up new avenues of research design and practice It poses challenging questions about the nature of knowledge production the role of the researcher and the critical endeavour arising from inter and post disciplinarity Working with diffractive methodologies and new materialist ecological epistemologies the book offers resources for hope which widen the scope for how educational problems are interrogated and provides a political counter movement to neo positivist outcomes based approaches within education Inspired by writers such as Barad Bennett and Deleuze and Guattari the book makes a radical break with cognitive dualist and universal conceptions of human subjectivity and intelligence in education By taking its starting point as the co constitutiveness of discourse materiality corporeality and place the book foregrounds educational practices as material enactments of multiple non linear entangled affective and relational forces It offers new insights into how gender class and ethnicity are constituted in and by material assemblages that are often submerged or unseen This book is an essential starting place for those intrigued by what new theoretical accounts of materiality posthumanism and affect can offer educational research Diffractive methodologies challenge readers to take a fuller range of actors into account than in objective humanist methodologies and in so doing to pay closer attention to what data is It invites researchers to engage with long standing feminist concerns about power and knowledge production in research processes This book was originally published as a special issue of Gender and Education
