Designed to accompany the Lilley's textbook, this dynamic study guide helps you better understand, retain, and apply the information and concepts from each chapter of the text. Worksheets for each chapter include multiple choice review questions, critical thinking and application questions, case studies, and a wealth of other learning activities to help you fully prepare for credentialing exams. NEW Thoroughly updated content reflects the organization and updated information housed in the fifth edition of Lilley's Pharmacology for Canadian Health Care Practice. Chapter by chapter, worksheets are divided into three main sections: chapter review and examination preparation, including multiple choice and matching questions; critical thinking and application questions with some chapters including a critical thinking crossword puzzle and case studies; Chapter review and examination preparation in each chapter worksheet includes a number of application-based practice questions for the Next Generation NCLEX NGN, including at least one alternate item question per chapter. UNIQUE Cartoon illustrated study tips help you manage your study time more effectively and expand upon the study skills tips included on the accompanying Evolve website. Variety of questions includes fill in the blank, multiple choice, labelling and ordering, matching and short answer. Focus on prioritization features at least one prioritization exercise in each chapter in which you must evaluate a clinical scenario and answer the question "What is the nurse's best action? These exercises provide practice with identifying the most important need to know nursing actions. Overview of Dosage Calculations section features explanations of key drug calculations, concepts, sample drug labels, practice problems, and a practice quiz. Answers for all exercises are provided at the back of the book to facilitate self-study.      Clinical Companion Study Guide for Mosby's Dental Hygiene Susan J. Daniel, Bonnie Francis, Sherry A. Harfst, Rebecca Wilder, Shannon H. Mitchell, 2007 This study guide companion to Mosby's Dental Hygiene: Concepts, Cases, and Competencies 2nd Edition draws the student in using a friendly question and answer format that explains how, what, where, and why of the content. The answers to these questions tie into features from the main text including the Insight Statement, Learning Outcomes, Case Studies, and Case

Applications Review Questions and answers as well as Critical Thinking Activity Worksheets encourage students to practice their knowledge and skills after reading the text chapter and to prepare for exams. Follows a format consistent with the main text and allows students to become familiar with the pattern and focus on learning the content. A conversational question and answer format makes material less intimidating and immediately demonstrates the benefits of working on the exercises. Frequent references to main text content such as Insight Statement Learning Outcomes and Case Study help student retain the information better through repetition. Critical Thinking Activities help students practice application of concepts to everyday life and reach a better understanding of the dental hygienist's role. Topics to Debate feature challenges students to consider the ethics and proper application of dental hygienist skills to real life situations they are likely to encounter. Patient Education Links encourage students to access the Internet or Evolve site for additional sources or agencies for more information on topics related to the text. Encourages self assessment with Process Performance forms that allow students to grade themselves on whether or not they have developed the skills necessary to meet the Learning Outcomes in the chapter. Review questions answers and rationales at the end of the study guide help students review material and prepare for boards. Sample forms and patient education handouts provide sample dialogues and questions to ask patients when interacting in the dental office and help students contribute to successful dental hygienist practices.
