Schneider and Doyen fully explain how to create a proposal for any genre. Know what agents and publishers look for. Get out of the slush pile and onto the right editor's desk. Deal with rejection and keep writing. *The Everything Guide to Writing a Book Proposal* takes you behind the closed doors of the publishing world revealing the tried and true tips, techniques and shortcuts that can help you get published sooner rather than later. Reference materials and resources for writers are also included as well as a list of writers organizations and clubs. **AUTHOR** Meg Schneider is coauthor of three published books and has more than ten years of experience in television, radio and print journalism. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students, teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature. Within each of 24 major sections Marcuse lists and annotates bibliographies, guides, reviews of research, encyclopedias, dictionaries, journals and reference histories. The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate. Although cost-conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L. Harner's *Literary Research Guide* Modern Language Assn of America 1989, larger academic libraries will want Marcuse's volume.
