The War of the Worlds H. G. Wells, 2013-05-17. The War of the Worlds is a science fiction novel by H. G. Wells. It is the first person narrative of an unnamed protagonist's adventures in London and the countryside southwest of London as Earth is invaded by Martians. The War of the Worlds has two parts Book One The Coming of the Martians and Book Two The Earth under the Martians. The narrator, a philosophically inclined author, struggles to return to his wife while seeing the Martians lay waste to southern England. The plot has been related to invasion literature of the time. At the time of publication it was classified as a scientific romance like his earlier novel The Time Machine. The War of the Worlds has been both popular and influential, spawning half a dozen feature films, radio dramas, various comic book adaptations, a television series and sequels or parallel stories by other authors.
