Development Projects Observed:

Development Projects Observed Albert O. Hirschman, 1967 In this recent volume Professor Albert O Hirschman turns his attention to the ways in which economic development decision making is molded activated or hampered by the specific nature of the project that is undertaken for example the establishment and operation of a pulp and paper mill in east Pakistan an irrigation project in Peru railway expansion in Nigeria and other development undertakings The bulk of the study explores new territory

Development Projects Observed Albert O. Hirschman, 1970 **DEVELOPMENT PROJECTS OBSERVED. BY A.O. HIRSCHMAN.** Albert O. Hirschman, 1973 *The Oxford Handbook of Megaproject Management* Bent Flyvbjerg, 2017-04-13 The Oxford Handbook of Megaproject Management provides state of the art scholarship in the emerging field of megaproject management Megaprojects are large complex projects which typically cost billions of dollars and impact millions of people like building a high speed rail line a megadam a national health or pensions IT system a new wide body aircraft or staging the Olympics The book contains 25 chapters written especially for this volume covering all aspects of megaproject management from front end planning to actual project delivery including how to deal with stakeholders risk finance complexity innovation governance ethics project breakdowns and scale itself Individual chapters cover the history of the field and relevant theory from behavioral economics to lock in and escalation to systems integration and theories of agency and power All geographies are covered from the US to China Europe to Africa South America to Australia as are a wide range of project types from hard infrastructure to soft change projects In depth case studies illustrate salient points The Handbook offers a rigorous research oriented up to date academic view of the discipline based on high quality data and strong theory It will be an indispensable resource for students academics policy makers and practitioners

The Emergence of Routines Daniel M. G. Raff, Philip Scranton, 2017 This book explains how things get organized and how routines emerge in businesses and business life The chapters explore historical episodes in a wide variety of settings and encourage a view of firm operations and development that is much more realistic and much more practically helpful than the standard economic perspective **Albert O. Hirschman** Michele Alacevich, 2021-04-06 Winner 2023 Best Book Award Italian Association for the History of Economic Thought One of the most original social scientists of the twentieth century Albert O Hirschman led an uncommonly dramatic life After fleeing Nazi Germany as a youth he fought in the Spanish Civil War took part in antifascist activities in Italy and organized an underground rescue operation in Marseille through which more than 2 000 people including Marc Chagall Arthur Koestler and Hannah Arendt escaped Europe Hirschman moved across topics methodologies and disciplinary boundaries as fluidly as he did among countries and languages His work is marked by a deep suspicion of all encompassing theories valuing instead doubt and a sensitivity to contingencies and unexpected consequences In this intellectual biography the economic historian Michele Alacevich explores the development and trajectory of Hirschman s characteristic approach to social scientific questions He traces the many strands of Hirschman

s thought and their place in his multifaceted body of work considering their limitations as well as their strengths Alacevich puts Hirschman s ideas into context following his participation in the major intellectual and political debates of his times He examines Hirschman s pioneering work in development studies and his analyses of social change the history of capitalism and the workings of democracy alongside his activities in the postwar reconstruction of Europe and economic development in Latin America A compelling intellectual portrait of a profoundly distinctive thinker this book also reflects on Hirschman s legacy and lasting influence

Transformational Frontiers Jaisankar Sarma,2025-12-18 Transformational Frontiers lifts the veil on one of the most overlooked realities in Christian development the indispensable role of fieldworkers These men and women are not simply implementers of strategy they are bearers of Christ s presence cultivators of trust and companions in the work of restoration Yet in many organizations their agency is undermined by systems that prioritize metrics models and managerial efficiency over relationships and presence This book challenges that trend It re centers fieldworkers in the story of transformational development calling for a renewed vision that honors their calling affirms their agency and restores the witness of Christ to its rightful place Drawing from years of experience and stories from the field Transformational Frontiers invites leaders practitioners and donors alike to see development not as a project to manage but as a holy collaboration where God s Spirit moves through those on the frontlines of love justice and mercy

A Propensity to Self-subversion Albert O. Hirschman,1995 In the substantial essays that open this collection Hirschman reappraises points he made in such books as Exit Voice and Loyalty The Strategy of Economic Development and the Rhetoric of Reaction Subsequent essays fruitfully reexplore the themes of Latin American development and market society that have occupied him throughout his career Hirschman also forays into new puzzles such as the likely impact negative or otherwise of the Eastern European revolutions of 1989 on the Third World the on and off connections between political and economic progress and the role of conflict in enhancing community spirit in a liberal democracy

Development Project Observed Albert O. Hirschmann,1967 **Management of Rural Development Projects** Gabriel U. Iglesias,Romeo B. Ocampo,1984

Development Projects Observed Albert O. Hirschman, **The Problem of Employment Creation and Role of the Agricultural Sector in Latin America** Monroe Herman Rosner,1972 *The Journal of Developing Areas* ,1976

Project Appraisal ,1994 **Reopening the Frontier** Brian Q. Cannon,2009 The first ever history of the post World War II homesteading program that provided frontier land to returning veterans Reveals the many challenges they faced and how they helped change our perceptions of the modern American West **Practical Problem Projects** Frederic Winthrop Rawcliffe,1924 **International Development Administration** George Honadle,Rudi Klauss,1979 *Transportation and Regional Development* Edward W. Tyrchniewicz,Om P. Tangri,1970 Proceedings of conference held at the University of Manitoba May 6 7 1970 to explore and foster an understanding of the role played by transportation in regional development and related policy issues *Journal of Economic Studies* ,1976 *Issues and Aspects of Title IX* Lynn Knauff,1968
