The Whole-School Community Read Margaux DelGuidice-Calemmo, Jeannette Balantic, 2025-10-30 A comprehensive resource for librarians and teachers who want to implement a whole school community reading program in their schools. Community reading programs can foster a love of reading, increase student engagement, build a community of readers, and simultaneously improve literacy. Yet it can be daunting to begin a new program at a busy school. This guidebook provides a clear roadmap for librarians and teachers who wish to try a whole school community reading program with all ages of learners. Beginning with a history of whole school reads, authors DelGuidice Calemmo and Balantic describe how a community reading program can work for students at all levels and promote family connections through reading. They offer advice on finding funding, building successful collaborations within the school community, and allowing students to have a voice in book selection. Marketing, makerspace, and promotion ideas help encourage participation. Learn how to use informal checkpoints and a final celebration to sustain and celebrate participants. Finally, come away with strategies to assess these programs and try variations to increase engagement. Appendixes of resources provide practical tools for those ready to begin planning their own program.

Slaying Is Hell Alyson R. Buckman, Juliette C. Kitchens, Katherine A. Troyer, 2022-12-12 The films, television shows, and graphic novel series that comprise the Whedonverse continually show that there is a high price to be paid for love, rebellion, heroism, anger, death, betrayal, friendship, and saving the world. This collection of essays reveals the ways in which the Whedonverse treats the trauma of ordinary life with similar gravitas as trauma created by the supernatural, illustrating how memories are lost, transformed, utilized, celebrated, revered, questioned, feared, and rebuffed within the storyworlds created by Joss Whedon and his collaborators. Through a variety of approaches and examinations, the essays in this book seek to understand how the themes of trauma, memory, and identity enrich one another in the Whedonverse and beyond. As the authors present different arguments and focus on various texts, the essays work to build a mosaic of the trauma found in beloved works like *Buffy the Vampire Slayer*, *Angel*, *Dollhouse*, and more. The book concludes with a meta-analysis that explores the allegations of various traumas made against Joss Whedon himself.
