Myth Retelling Novel Hardcover:

Orpheus in the Bronx Reginald Shepherd, 2010-02-05 *Orpheus in the Bronx* not only extols the freedom language affords us it embodies that freedom enacting poetry's greatest gift the power to recognize ourselves as something other than what we are. These bracing arguments were written by a poet who sings James Longenbach. A highly acute writer, scholar, editor and critic, Reginald Shepherd brings to his work the sensibilities of a classicist and a contemporary theorist, an inheritor of the American high modernist canon and a poet drawing and playing on popular culture while simultaneously venturing into formal experimentation. In the essays collected here, Shepherd offers probing meditations unified by a resolute defense of poetry's autonomy and a celebration of the liberatory and utopian possibilities such autonomy offers. Among the pieces included are an eloquent autobiographical essay setting out in the frankest terms the vicissitudes of a Bronx ghetto childhood, the escape offered by books and gifted status preserved by maternal determination, early loss and the equivalent of exile and the formation of the writer's vocation. With the same frankness that he brings to autobiography, Shepherd also sets out his reasons for rejecting identity politics in poetry as an unnecessary trammeling of literary imagination. His study of the urban pastoral from Baudelaire through Eliot, Crane and Gwendolyn Brooks to Shepherd's own work provides a fresh view of the place of urban landscape in American poetry. Throughout his essays as in his poetry, Shepherd juxtaposes unabashed lyricism, historical awareness and in your face contemporaneity bristling with intelligence. A volume in the Poets on Poetry series, which collects critical works by contemporary poets, gathering together the articles, interviews and book reviews by which they have articulated the poetics of a new generation.

[Isaac Asimov's Science Fiction Magazine](#), 1978 **Building an ESL Collection for Young Adults** Laura McCaffery, 1998-10-28

This annotated bibliography of more than 500 recommended books meets the needs of teachers and librarians for reading materials for young adults for whom English is a second language. Laura McCaffery, who has many years of experience with collection development of ESL materials for young adults, has selected the best books on a variety of topics to meet curriculum and personal interest needs of young adults. Most of the books selected were published between 1992 and 1998. The bibliography is organized by topic: adventure, mystery and suspense, biographies, career, workplace, life skills and parenting, folktales, myths, poetry and classics, ethnic diversity, history and geography, nature and science, and sports. Indexes by author, subject, title and ethnic group make searching easy. Mainstreamed ESL students can use these books to better understand and make use of regular textbooks. Special ESL classes can use the recommended books as part of regular instruction. Most of the books recommended are for the intermediate or advanced beginner reading level in English, but some very easy books are also included. Most of the books are suitable for all learners from grades five through adult. Each entry contains a complete bibliographical citation, Fry Reading Level, Interest Level, Library of Congress subjects for cataloging, and a 50 to 200 word annotation describing the book and how it can be used by the librarian or teacher who is working with patrons or students.
