## Stories Viral Fantasy Saga:

*Story Virality* Monica Leonelle, 2021-05-25 You know how to market your book but is the book itself making it harder to gain traction This is a question that all writers and authors struggle with We aren't always great at evaluating our own work whether we are new to publishing or on our twentieth book And the answers we get from other authors is usually to Write to a more popular trend End the series faster Hire a developmental editor Try a new marketing tactic Change the cover or blurb Write the next book But here's the thing your back catalog is not dead weight You worked hard on your book or series and there's no reason you can't get it selling better Without having to write to a trend you're not passionate about Without having to add in tropes that don't make sense Without having to hire another editor editors can't fix a marketing issue within your story Without having to change your writing style Without having to do what everyone else says is the only thing that's selling right now Editing For Marketability is new and different It's an advanced approach to writing to market that breaks down why books sell based on persuasive writing techniques found across storytelling branding psychology public relations and marketing And yes it applies readily to novels I share the how in the book When you practice marketability editing you take your story through the Book Virality Stack a framework with six virality factors that helps you see where your book has marketing hooks and where it doesn't I teach you how to improve your marketability under each factor so you get to choose I also teach you how you can better emphasize the various hooks you already have in your book if you've already published and don't have time for a full edit You can use this framework to Make sure your next release is written to market Fix an underperforming first in series or other reader magnet so your series starts selling better Build a breakout book from the ground up to bring visibility to your entire catalog You became a creative to express yourself and share your stories Editing For Marketability helps you connect to a larger audience without sacrificing your characters plot or autonomy over your work

No advertisers to please no censors to placate no commercial interruptions every eleven minutes demanding cliffhangers to draw viewers back after the commercial breaks HBO has re written the rules of television and the result has been nothing short of a cultural ground shift The HBO Effect details how the fingerprints of HBO are all over contemporary film and television Their capability to focus on smaller markets made shows like Sex and the City The Sopranos The Wire and even the

more recent Game of Thrones and Girls trigger shows on basic cable networks to follow suit HBO pioneered the use of HDTV and the widescreen format production and distribution deals leading to market presence and the promotion of greater diversity on TV discussing issues of class and race The HBO Effect examines this rich and unique history for clues to its remarkable impact upon television and popular culture It s time to take a wide angle look at HBO as a producer of American culture

**The Wellsian**, 1998 Dark Assemblages Kay Pritchett, 2015-10-22 This book examines strategies of transformation becomings image making and the phantasmagoric that figure in four stories and a novel by Gothic fiction writer Pilar Pedraza Spain 1951 While critics have long associated the Bildungsroman with Gothic fiction this study takes a close look at the developmental process itself the means by which a protagonist young or old might transcend a deprived status to achieve a complete sense of self Pedraza s works imply that regardless of the path followed a character s ability to think differently is crucial to progress The fixed image representative of an inflexible socially determined mindset arises as an obstacle to maturation In D as de perros for example a triangular arrangement of coins in a cigar box elucidates the connection between individual lives and the social order or assemblage Literary texts such as this one serve as collective assemblages of enunciation capable of exposing fixed images as powerful instruments of control Tristes Ayes del guila Mejicana discovers fixed images among the icons of Colonial Spain s exequias reales used in this case to territorialize the evolving identity of indigenous peoples The territory that Pedraza s fiction best illuminates is in reality the image When images remain fixed or territorialized they uncannily infect the assemblages over which they exert influence Placing emphasis on images that impact women Pedraza in Anfiteatro for example deconstructs cat woman which albeit a potentially subversive image in its early manifestations eventually ceases to empower the feminine lashing it rather to a burdensome stereotype Territorialized the feminine must then break free from the image in order to discover representations more capable of illuminating present day challenges The phrase dark assemblages drawn from Deleuze and Guattari s A Thousand Plateaus gestures toward societal stagnation as a decisive factor in individual evolvment Gothic fiction represents an uneven landscape in that it tenders the possibility of a social critique yet equally well lends itself to the exclusion of specific identities and practices that society brands as anomalous Pedraza s Gothic fiction is indeed subversive in that it offers readers original perceptions of modern day people and the assemblages dark or otherwise to
