**Planet Google** Randall Stross, 2009-09-22 Open and closed Unlimited capacity The algorithm Moon shot Gootube Small world after all A personal matter Algorithm meet humanity *Ask, Measure, Learn* Lutz Finger, Soumitra Dutta, 2014-01-23 You can measure practically anything in the age of social media but if you don't know what you're looking for collecting mountains of data won't yield a grain of insight This non technical guide shows you how to extract significant business value from big data with Ask Measure Learn a system that helps you ask the right questions measure the right data and then learn from the results Authors Lutz Finger and Soumitra Dutta originally devised this system to help governments and NGOs sift through volumes of data With this book these two experts provide business managers and analysts with a high level overview of the Ask Measure Learn system and demonstrate specific ways to apply social media analytics to marketing sales public relations and customer management using examples and case studies *Making Money, Making Music* David Bruenger, 2016-09-06 Making money making music is an alternative music business text providing an entrepreneurial toolbox based on historical analysis trends and patterns in music enterprise It begins by introducing core principles and processes and shows how to apply them adaptively to new contexts so that students gain a deeper understanding not only of how things work in the music business but why By applying essential concepts to a variety of real life situations students improve their capacity to critically analyze solve problems and even predict where music and money will converge in a rapidly evolving culture and marketplace Provided by publisher **Judging a Book By Its Lover** Lauren Leto, 2012-10-02 Leto is as funny as she is well read a delight for bibliophiles and wannabes alike Wylie Overstreet author of *The History of the World* According to Facebook Lauren Leto humor blogger and co author of *Texts from Last Night* now offers a fascinating field guide to the hearts and minds of readers everywhere Judging a Book by Its Lover is like a literary *Sh t My Dad Says* an unrelentingly witty and delightfully irreverent guide to the intricate world of passionate literary debate at once skewering and celebrating great writers from Dostoevsky to Ayn Rand to Jonathan Franzen and all the people who read them This provocative smart and addictively funny tome arose out of Leto's popular book porn blog posts and it will delight and outrage literature fans readers of *Stuff White People Like* and *I Judge You When You Use Poor Grammar* people obsessed with literary culture and people fed up with literary culture in equal measure **Reimagining Journalism in a Post-Truth World** Ed Madison, Ben DeJarnette, 2018-02-08 Amidst alternative facts and post truth politics news journalism is more important and complex than ever This book examines journalism's evolution within digital media's ecosystem where lies often spread faster than truth and consumers expect conversations not lectures The 2016 U S presidential election delivered a stunning result but the news media's breathless coverage of it was no surprise News networks turned debates into primetime entertainment reporters spent more time covering poll results than public policy issues and the cozy relationship between journalists and political insiders helped ensure intrigue and ratings even as it eroded journalism's role as democracy's Fourth

Estate Against this sobering backdrop a broadcast news veteran and a millennial newshound consider how journalism can regain the public's trust by learning from pioneers both within and beyond the profession Connecting the dots between faux news fake news and real news coauthors Madison and DeJarnette provide an unflinching analysis of where mainstream journalism went wrong and what the next generation of reporters can do to make it right The significance of Donald Trump's presidency is not lost on the authors but *Reimagining Journalism in a Post Truth World* is not a post mortem of the 2016 presidential election nor is it a how to guide for reporting on Trump's White House Instead this accessible and engaging book offers a broader perspective on contemporary journalism pairing lively anecdotes with insightful analysis of long term trends and challenges Drawing on their expertise in media innovation and entrepreneurship the authors explore how comedians like John Oliver Trevor Noah and Samantha Bee are breaking and reshaping the rules of political journalism how legacy media outlets like The Boston Globe The Washington Post and The New York Times are retooling for the digital age and how newcomers like Vice Hearken and De Correspondent are innovating new models for reporting and storytelling Anyone seeking to make sense of modern journalism and its intersections with democracy will want to read this book
