Testing design principles to improve the usability and impact of WHO guidelines World Health Organization, 2023-08-21 The Product Design and Impact Unit of the Department of Quality Assurance Norms and Standards in collaboration with the Monash University's Design Health Collab conducted a hybrid co design workshop in Geneva and online on 7 September 2022. The objective of this ongoing collaboration is to understand how WHO guidelines can be planned and developed to improve their usability and impact. The aim of this event the second in a series of co design workshops was to evaluate the prototype design principles that are part of the Design toolkit for WHO guideline developers principles and tools. The principles were developed on the basis of insights shared in the first workshop held on 7 April 2022 and reported in Improving the usability and impact of WHO guidelines report of a WHO workshop [Enterprise Architecture for Connected E-Government: Practices and Innovations](#) Saha, Pallab, 2012-06-30 This book addresses the gap in current literature in terms of linking and understanding the relationship between e government and government enterprise architecture. Andrew Hiles applies the principles of risk and business continuity to enable a reliable flow of materials and information that is a win for everyone involved. From over 30 years of experience working with companies like yours the author of *Creating and Maintaining Resilient Supply Chains* helps you to understand the criticality of procurement and supply chain management to the health of your organization. Relate the time tested principles of good business continuity planning to constructing a reliable supply chain. Apply risk management principles to evaluate vendors and create effective contracts. Create the specifications that will result in a good tender or bid. Anticipate contract issues when you are dealing with other legal systems including International Commercial Law, Anglo Saxon Law, Civil Code, Sharia Code and European Law. In one short book Hiles distills the knowledge of a lifetime to prepare you to handle risks, pitfalls and potential ambiguities. As a result you will know how to carefully plan and negotiate supply chain relationships that benefit all the organizations involved.
