Media Sensation Emotional Intelligence Workbook:

The Sense Connection Natalie Robinson Garfield, 2009 For parents understanding The Sense Connection enhances the skills needed to raise happy well adjusted children who will become successful emotionally balanced adults For spouses or lovers gaining insight into the ways in which primary sense channels compliment and conflict with each other can shift the balance from discord to harmony And for friends and co workers a firmer grasp of how we as individuals view the world could mean more fulfilling and productive relationships and careers Can understanding others be as simple as identifying their primary sense channels and adjusting accordingly Naturally the sense mode does not define the entire personality But it can offer you some useful short cuts to understanding Consider the many ways we put ourselves and others into neat tidy limiting pigeonholes We ve heard so many of these expressions What do you do Where are you from What s your sign These categorizations are merely stereotypes whether professional regional ethnic astrological or even the result of The Myers Briggs examination Worse than that they re dead ends He s an only child She s a Pisces These stereotypes do not allow room for adaptation for coming together and making a connection By adding The Sense Connection to our lexicon we can find a way to understand others quickly and accurately and then modify our interactive style to fit better with theirs whatever their profession cultural background or birth sign
