She presents over 70 novel exercises to help teachers learn to use body, face, hands, voice, eyes, and word choices to precisely convey meaning. Some exercises are for teachers to practice while others build intention and reflection in children. Dozens of scenarios from typical classroom situations contrast unintentional and intentional teaching behaviors. A self-assessment enables teachers to measure how intentional and reflective they become as they learn to use the eight techniques. The cutting edge clinical interventions presented in this book will help professionals answer these questions and help them to help their clients.
