**Romance Market Trends** Aisha Khan, AI, 2025-02-19 Romance Market Trends offers a deep dive into the business and social science behind one of the most commercially successful yet often misunderstood book genres. Examining the romance genre's financial performance, readership, and subgenre evolution, the book reveals key insights into why romance consistently dominates bestseller lists. For example, the book highlights how the genre's continuous adaptation to evolving social norms and reader expectations such as shifting attitudes toward relationships and gender roles directly impacts its market trends. The book takes a data-driven approach using sales statistics and reader surveys to analyze the romance market's dynamics. It explores consumer behavior and strategic decision making in the publishing industry and studies the influence of social trends on readership preferences. Beginning with foundational concepts and key metrics, the book progresses through an examination of financial performance, readership demographics, and subgenre trends to provide practical guidance for industry professionals.

**At Blade's Edge** Lauren Dane, 2015-12-14 Rowan Summerwaite is no ordinary woman. Raised at the knee of The First and honed into a weapon by the Hunter Corporation, she wields ancient knowledge from the Goddess Brigid and is newly married to a powerful Vampire scion. Though she'd hoped the deadly events in Venice would end the threat to The Treaty, she is sworn to protect Rowan. Found evidence of a grander conspiracy to destroy the fragile peace that holds humans, Vampires, and those with magic back from war. A war that would only hurt the weakest and destabilize the world as we know it. It's not so much that someone ordered her assassination that makes her angry; people try to kill her all the time as it is the risks those she cares for, especially her new husband, now face. Clive Stewart has never tried to pen Rowan in or control her choices. He has his own fires to put out now that he's married to the most powerful non-Vampire in their world and Rowan knows it's a challenge to support her the way she needs while not being too much or not enough. The organization that gave her a purpose, a home, roots, and a path when she'd run from The Keep at seventeen has betrayed her. Now instead of on a much anticipated honeymoon, Rowan is in London gathering her allies and the evidence necessary to drive out the rot within Hunter Corp and expose whoever is at the top. Rowan is a predator and this threat is prey. She'll burn it down and salt the earth afterward. On her terms. See how Rowan's fight began in Goddess with a Blade, available now.
