Its nature illustrated by the history of its uniform mysterious Manifestation, when unduly excited** Traverse OLDFIELD (pseud. [i.e. George Whitefield Samson.]),1852      *Working with Spirit* Jo Thobeka Wreford,2008-05-01 In the current model of health dispensation in South Africa there are two major paradigms the spirit inspired tradition of izangoma sinyanga and

biomedicine These operate at best in parallel but more often than not are at odds with one another This book based on the author's personal experience as a practitioner of traditional African medicine considers the effects of the absence of spirit in biomedicine on collaborative relationships Given the unprecedented challenge of the HIV AIDS epidemic in the country the author suggests that more cooperation is vital Taking a critical look at the role of anthropology in this endeavor she proposes the development of a language of spirit by means of which the spirit inspired aetiology of izangoma sinyanga may be made comprehensible to academic scientists and applicable to medical interventions The author discusses white izangoma in the context of current debates on healing and hybridity and insists that there exists a powerful role for izangoma in the realm of societal healing Above all the book constitutes a start in what the author hopes will develop into an ongoing intellectual conversation between traditional African healing academe and biomedicine in South Africa     American Horror Story and Cult Television Richard Hand, Mark O'Thomas, 2023-11-14 Over the course of ten seasons since 2011 the television series American Horror Story AHS created by Ryan Murphy and Brad Falchuk has continued to push the boundaries of the televisual form in new and exciting ways Emerging in a context which has seen a boom in popularity for horror series on television AHS has distinguished itself from its rivals such as The Walking Dead Bates Motel or Penny Dreadful through its diverse strategies and storylines which have seen it explore archetypal narratives of horror culture as well as engage with real historical events Utilising a repertory company model for its casting the show has challenged issues around contemporary politics heteronormativity violence on the screen and disability to name but a few This new collection of essays approaches the AHS anthology series from a variety of critical perspectives within the broader field of television studies and its transections with other disciplines     Witches, Druids and King Arthur Ronald Hutton, 2006-09-15 In Stations of the Sun and The Triumph of the Moon Ronald Hutton established himself as a leading authority on the history of Paganism His wealth of unusual knowledge complemented by a deep and sympathetic understanding of past and present beliefs that are often dismissed as strange or marginal and an ability to write lucidly and wittily gives his work a unique flavour The essays which make up Witches Druids and King Arthur cover elegantly and entertainingly a wide range of beliefs myths and practices     **The DNA Mystique** Dorothy Nelkin, M. Susan Lindee, 2010-02-01 The DNA Mystique is a wake up call to all who would dismiss America's love affair with the gene as a merely eccentric obsession In These Times Nelkin and Lindee are to be warmly congratulated for opening up this intriguing field of genetics in popular culture to further study Nature The DNA Mystique suggests that the gene in popular culture draws on scientific ideas but is not constrained by the technical definition of the gene as a section of DNA that codes for a protein In highlighting DNA as it appears in soap operas comic books advertising and other expressions of mass culture the authors propose that these domains provide critical insights into science itself With a new introduction and conclusion this edition will continue to be an engaging accessible and provocative text for the sociology anthropology and bioethics classroom as well as stimulating reading for those generally interested in

science and culture     *The Academy* ,1905     **The Physical in Spiritualism** George Whitefield Samson,1881     Knowing Fear Jason Colavito,2007-11-26 Tracing the development of horror entertainment since the late 18th century this study argues that scientific discovery technological progress and knowledge in general have played an unparalleled role in influencing the evolution of horror Throughout its many subgenres biological horror cosmic horror and others and formats film literature comics horror records humanity s uneasy relationship with its own ability to reason understand and learn The text first outlines a loose framework defining several distinct periods in horror development then explores each period sequentially by looking at the scientific and cultural background of the period its expression in horror literature and its expression in horror visual and performing arts     **Notes and Queries: a Medium of Inter-communication for Literary Men, Artists, Antiquaries, Genealogists, Etc** ,1899     **Cock Lane and Common-sense** Andrew Lang,1894
