Riddle,1992 All too often ancient herbal and other remedies have been dismissed as simply folklore of no relevance to medical science John Riddle's approach however has been to explore the history of drugs with the hypothesis that ancient and medieval medicines were effective a methodology that he expounds in the final essay hitherto unpublished Indeed he shows both from detailed case studies and from the comparison of the listings given by classical and medieval authorities with those in modern pharmacopoeias that our ancestors had discovered and made effective use of many of the drugs used in medicine today from antiseptics and analgesics to oral contraceptives even chemotherapy for cancer There is the suggestion therefore that more careful examination and identification of the drugs used in the past may reveal chemicals that can be exploited anew Central to these studies is the investigation of how a drug was used and how knowledge about it was transmitted and perhaps also distorted in the process from the Classical world through the Middle Ages Les anciens remèdes phytothérapie et autres ont trop souvent été mis aux rangs du folklore et considérés comme n'ayant aucun rapport avec la science médicale L'approche de John Riddle cependant a été d'explorer l'histoire des drogues en prenant pour hypothèse l'efficacité de la médecine ancienne et de valoir une méthodologie qu'il expose dans son dernier essai jusqu'ici jamais publié En effet il démontre à partir de cas d'études détaillés et de la comparaison tabulée entre les listages fournis par les autorités antiques et modernes et ceux des pharmacopées modernes que nos ancêtres avaient découvert et mis bon escient l'utilisation de nombreux remèdes dont se sert la médecine moderne l'heure actuelle des antiseptiques et analgésiques aux contraceptifs oraux et même jusqu'à la chimiothérapie pour le cancer Sugge Renaissance Humanism Ernesto Grassi,1988 **The Publications of the Selden Society** Selden Society,1959 *American Journal of Health Education* ,2008 *Security Analysis, Seventh Edition: Principles and Techniques* Seth A.
