Using portfolio software to create and deliver impressive iPad presentations for prospective clients. Photographers will learn other clever uses for iPads, including triggering the camera shutter remotely using the screen as a fill flash, calculating depth of field, tracking outdoor light conditions, storing camera manuals as PDFs for quick reference, and other handy at-your-fingertip resources to complement your particular shooting style. A bonus online chapter with additional coverage for the new iPad, including iPhoto and Photoshop Touch apps, is included with purchase.
