## Phonics Screening Check

### What is phonics?

Phonics is the study of the sounds of words and how they are written. It is the study of the relationship between the sounds of words and the letters that represent them.

Phonics is an important part of learning to read and write. It helps children to understand how words are made and how they are written. This helps them to learn to read and write more easily.

### How is phonics taught?

Phonics is taught in a variety of ways. Some children learn to read by looking at the letters and sounds of words. Others learn by listening to the sounds of words and trying to write them. Some children learn by using a combination of these methods.

Phonics is taught in a way that is suitable for each child. Teachers will use a variety of methods to help children learn to read and write. This may include using letters, sounds, and words to help children understand how words are made and how they are written.

### What is the phonics screening check?

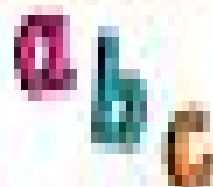

The phonics screening check is a test that is given to children at the end of Year One. It is designed to check whether children have learned the basic skills of phonics. The test consists of a series of questions that ask children to identify the sounds of words and to write the words that they hear.

### What is the purpose of the phonics screening check?

The purpose of the phonics screening check is to identify children who are having difficulty learning to read and write. This helps teachers to provide extra support to these children. The test also helps to identify children who are doing well and who may need extra challenge.

### What is the result of the phonics screening check?

The result of the phonics screening check is a score that is given to each child. This score is based on the number of questions that the child has answered correctly. The score is then compared to the scores of other children in the same year. This helps to identify children who are doing well and who may need extra support.
