**Guide to Safety at Sports Grounds** Great Britain. Department for Culture, Media and Sport, Stationery Office, 2008

**Building Services Journal** ,2004      **Intelligent Building Systems** Albert Ting-pat So, Wai Lok Chan, 1999-04-30

Intelligent building is the future of our building industry all commercial residential industrial and institutional buildings will be designed towards the goal of intelligent buildings The most important aspect of an intelligent building is the building systems such as electrical services heating ventilation and air conditioning systems vertical transportation systems and life safety systems which must operate intelligently and efficiently to enhance the activities of the occupants Intelligent Building Systems explains what already exists in a modern intelligent building and describes what is currently being developed by researchers to improve human comfort working efficiency and energy performance for buildings in the 21st century Intelligent Building Systems is divided into three parts The first part gives a quick review of the structure terminology layout and operating principles of most standard modern building systems The second part introduces the background material necessary to understand intelligent building systems including information on electronics technology fundamental mathematics and techniques in artificial intelligence and signal processing These first two parts are the foundation for the final part which consists of research works carried out by the authors and other researchers in the application of artificial intelligence to building systems The technologies presented will encourage readers to envision new and innovative ideas on possible future applications Intelligent Building Systems is relevant to practitioners and researchers in the area of architectural science and engineering electrical and mechanical services and intelligent buildings It may also be used as a text for advanced courses on the topic      *Ajfocus* ,1990      **Lighting Design + Application** ,1991      **The Lighting Journal** ,1990      *Emergency Lighting* X. Lyons, 2013-10-22 Emergency Lighting For Industrial Commercial and Residential Premises concerns itself with the provision of emergency lighting to facilitate exit routes for people in industrial commercial and residential areas The book covers important topics such as the objectives of emergency lighting systems the identification of safe routes under low lighting in different areas and related devices such as luminaires emergency signs and way guidance Also discussed are the applications of emergency lighting factors to consider in the design of emergency lighting electrical installations and testing and servicing The book has appendices that serve as guides to UK emergency lighting equipment names to be contacted and a short guide in case of fire The text is recommended for building planners engineers and architects The book is also applicable to those who would like to know about emergency lighting but do not have any specialist knowledge on the subject as the book avoids the use of jargon      *Building Services* ,1985-05      **BRE News of Construction Research** ,1984      *Emergency Guide* Indianapolis-Marion County Building Authority, 196? *E-911 M.S.A.G.* Tompkins County Emergency Control, Tompkins County (N.Y.). Department of Emergency Response, 2000
