## **Costco Executive Membership:**

**The Art of Membership** Sheri Jacobs, 2014-01-06 Member engagement recruitment and retention are fundamental activities that all membership organizations must master to ensure the growth and viability of their organizations over the long term. *The Art of Membership* by Sheri Jacobs CAE provides associations and membership organizations with the practical tools they need to build a loyal and diverse membership base over the long term. Readers will be able to put the tools to work immediately regardless of organization size, budget, culture, type, or environment. The recommendations are concrete, irrefutable, and backed by data derived from ASAE research, the author's own more than 40 Market Research Studies conducted with her team encompassing members and nonmembers from organizations of all types and sizes, and her more than 15 years of experience developing and executing membership recruitment and retention plans for more than 100 associations. The book contains ample cases and examples from associations, nonprofits, and for-profits, pricing strategies, value propositions, and marketing tactics, in addition to chapter-by-chapter guides with checklists and worksheets that break down the concepts from goal to strategy to tactics, culminating in an actionable to-do list. **China-Focused Cases**

**CEIBS Case Center**, 2019-03-01 This book is the first anthology compiled in English by the CEIBS Case Center to promote China-focused cases worldwide. Included are ten of twenty-six award-winning cases from the Global Contest for the Best China-Focused Cases during 2015 to 2017. These works exemplify the quality of effective business cases and share stories of China to the world. Each of the ten cases has a defining feature. Some cases with a focus on user demand analyze how companies build their core competence, e.g., Haidilao Hot Pot and OnePlus Mobile Phone, while others present an array of business innovations in the era of new retail, e-commerce, and the sharing economy, e.g., SF Express, Jinhuaobao, FamilyMart, and Handu Apparel. Some describe Chinese companies' operations in the overseas market, e.g., Huawei and TECNO, and others depict how foreign companies adapt to the Chinese market in a unique way, e.g., Starbucks. These cases were drawn from Chinese and overseas business schools. The book helps bridge the gap between the world management community's interest in China and the limited availability of China-focused management cases. We hope this collection of select cases will prove valuable and informative for our readers. **Starting an eBay Business For Dummies** Marsha Collier, 2011-04-12
