## **Countering The Devils Playbook:**

*Countering the Devil's Playbook* Glenn Brooke, 2012-09-27 Countering The Devil's Playbook is Satan's game playbook exposed and when you know your opponent's game plan you can easily defeat him. The text is a modern English paraphrase of Thomas Brooks's classic work *Precious Remedies Against Satan's Devices* published in 1652. There's never been a better or more practical book on this subject but the writing style has been a challenge to read. Here for the first time is an easy to read version for modern audiences. You won't be fooled or tricked by Satan when you learn The 12 ways Satan tries to draw you into sin and 64 counter remedies. The 8 ways Satan tries to keep you from living a godly life and 43 counter remedies. The 8 ways Satan tries to keep you sad, doubting and fearful and 36 counter remedies. The 24 strategies Satan tailors against men, women and children in every social situation and 54 counter remedies. The 7 characteristics of false teachers. The 10 most effective guidelines that will keep you from being trapped and destroyed in Satan's snares. Puritans did not view the road to holiness as foggy and unmapped. They took a very practical approach and expected that believers be alert, energetic and thinking on their faith journey. This is a refreshing view when contrasted with much of modern spiritual books. Countering the Devil's Playbook details the strategies, ruses, falsehoods and deceptions used by Satan, then it provides the counter attacks we should use in very practical ways from the Foreword by Lane Arthur.

### **Exposing the Devil's Playbook** John

Ramirez, 2024-10-01 Just because you feel like you're in bondage it doesn't mean you have to stay there. After reading this book I will have the insight needed to rupture the enemy's grip on my life. I will gain the invaluable tools needed to fight in the spirit and take up my God-given authority as more than a conqueror in Christ Jesus. Many believers are not victorious and not living lives of purpose and destiny because they don't understand the schemes and wiles of the devil. Using powerful teachings, this book will unveil and expose the devil and his kingdom to the very core of his ministry strategies and weapons he uses against the church today. The church has fallen asleep. We do not understand the things of the Spirit. We don't understand the enemy of our souls. He comes to kill, steal and destroy using satanic strategies, game plans and arsenals of weapons that he wants us to believe are nonchalant, easygoing, harmless and unpredictable. The church is not teaching and equipping believers to teach our hands to war in the spirit. In Psalm 144:1 David asked God, "Lord, teach my hands to war." Now instead of our hands being taught to fight the good fight, we find ourselves in handcuffs, limited, depleted and spiritually anemic. This book will help you unlock your spiritual handcuffs so you can understand the works of the devil and expose him before he sets foot on the battlefield of your life. You will learn how to crush the head of the serpent in any season of your life and how you can see him coming in the blind spots of your walk with the Lord. It's time for believers to be trained, equipped and become a spiritual army. It's time to fight and expose the so-called devil and his entrapments. We will rise up and take back what he has stolen from us once and for all in the unmatched name of Jesus Christ, our Lord and our Savior. Jesus will be proud that He picked us for the ultimate battle.

**Dancing with the Devil** Michael Rubin, 2015-03-10 The world has seldom been as dangerous as it is now Rogue regimes governments and groups that eschew diplomatic normality sponsor terrorism and proliferate nuclear weapons threaten the United States around the globe Because sanctions and military action are so costly the American strategy of first resort is dialogue on the theory that it never hurts to talk to enemies Seldom is conventional wisdom so wrong Engagement with rogue regimes is not cost free as Michael Rubin demonstrates by tracing the history of American diplomacy with North Korea Iran Iraq Libya the Taliban's Afghanistan and Pakistan Further challenges to traditional diplomacy have come from terrorist groups such as the PLO in the 1970s and 1980s or Hamas and Hezbollah in the last two decades The argument in favor of negotiation with terrorists is suffused with moral equivalence the idea that one man's terrorist is another man's freedom fighter Rarely does the actual record of talking to terrorists come under serious examination While soldiers spend weeks developing lessons learned after every exercise diplomats generally do not reflect on why their strategy toward rogues has failed or consider whether their basic assumptions have been faulty Rubin's analysis finds that rogue regimes all have one thing in common they pretend to be aggrieved in order to put Western diplomats on the defensive Whether in Pyongyang Tehran or Islamabad rogue leaders understand that the West rewards bluster with incentives and that the U.S. State Department too often values process more than results
