## **Couples Family Therapy Clinical Practice:**

Couples and Family Therapy in Clinical Practice Ira D. Glick, Douglas S. Rait, Alison M. Heru, Michael Ascher, 2015-10-15  
Couples and Family Therapy in Clinical Practice has been the psychiatric and mental health clinician's trusted companion for over four decades. This new fifth edition delivers the essential information that clinicians of all disciplines need to provide effective family centered interventions for couples and families. A practical clinical guide, it helps clinicians integrate family systems approaches with pharmacotherapies for individual patients and their families. Couples and Family Therapy in Clinical Practice draws on the authors' extensive clinical experience as well as on the scientific literature in the family systems psychiatry, psychotherapy, and neuroscience fields.

**Doing Family Therapy** Robert Taibbi, 2022-01-23  
Engaging, practical, and infused with clinical wisdom, this widely used text and practitioner guide helps therapists working with families to hit the ground running. The revised and updated fourth edition brings fresh insights into the issues families bring to therapy and the therapist's moment-to-moment decision making. Rather than advocating one best approach, Robert Taibbi shows that there are multiple ways to guide parents, children, and adolescents and harness their strengths. The beginning, middle, and end stages of treatment are richly illustrated with chapter-length case examples. End-of-chapter learning exercises help readers build key skills and creatively develop their own clinical style. New to This Edition: All chapters revised with new case studies throughout; Sidebars on common challenges facing new clinicians; Self-doubt: the emotional experience of working with distressed families and more; Increased attention to what the therapist can say and do to actively shape each session; Heightened focus on process helping families explore the how of problem solving as much as the what. See also the author's *Doing Couple Therapy: Second Edition: Craft and Creativity in Work with Intimate Partners*.
