**Daily**, 2001-12-03    **The Power of the Dispersed** Cornel Zwierlein, 2021-12-20 Early modern travelers often did not form part of classic diaspora communities; they frequently never really settled, perhaps remaining abroad for some time in one place then traveling further, not blown by the wind but by changing and complex conditions that often turned out to make them unwelcome anywhere. The dispersed developed strategies of survival by keeping their distance from old and new temporary homes as well as by using information from and manipulating foreign representations of their former countries. This volume assembles case studies from the Mediterranean context, the Americas and Japan. They explore what kind of powers and agency dispersed people had counterintuitively through the connections they maintained with their former homes and through those they established abroad. Contributors: Eduardo Angione, Iordan Avramov, Marloes Cornelissen, David Do Pa o Jos Luis Eg o Maria Tsampika Lampitsi, Paula Manstetten, Simon Mills, David Nelson, Adolfo Polo y La Borda, Ana M. Rodr guez, Rodr guez, Cesare Santus, Stefano Saracino and Cornel Zwierlein.

interviews conducted across three continents this book relates the experiences of nine Syrian women refugees and their perspectives on a range of subjects Each narrative reveals a displaced woman s concept of the self in relation to memory history trauma and reconciliation within familial international and cultural contexts Their life stories contribute to building bonds and promoting trust between locals and strangers who are often defined only by their status as refugees The book raises critical questions about stereotypes and racism while reminding readers of the shared joys and concerns of womanhood across cultures

**Lies with Long Legs** Prodosh Aich,2017-04-28 In his painstakingly long academic journey through mountains of source material available in Europe Prof Prodosh Aich establishes that the entire understanding of India developed by self claimed scholars from West is erroneous since the initial attempt to comprehend ancient India through the Vedas was itself faulty He questions the validity of the works of the famous western scholars who translated the Vedic literature into English German and Italian A vast majority of them did not even set foot on the Indian soil and those who came here did not learn the ancient languages in an organised manner even though translation needs an equal command of both languages Since neither the Vedic language nor the Sanskrit were spoken languages since ages it was all the more difficult for them to develop language skills required for translation Colonialist Imperial England had prepared a concerted design to establish the superiority of blond blue eyed white Christian culture over other cultures that they opted to define as primitive particularly in case of India Prof Aich uses juxtaposition to drive home a point and leaves judgement to readers He frames a question and then answers it by using the primary source material The book is bound to trigger an academic debate in the West also and would go a long way to establish once for all that the much trumpeted and self championed discipline of Indology in the West has in fact been based on falsehood It must have been a design that none of the scholars so far bothered to use the existing material so abundantly available which could have helped to unravel the truth about the colonial powers and imperial administration and bureaucracy Scholars after scholars even after the end of colonial empire have continued to overlook the material that would have removed the well laid myths about Indian society polity and culture
