*Cosmopolitanism* Carol A. Breckenridge, 2002-05-10 Fourth volume of the Millennial Quartet **Public Culture**, 2000

Cosmopolitanism, Religion and the Public Sphere Maria Rovisco, Sebastian Kim, 2014-02-05 Although emerging scholarship in the social sciences suggests that religion can be a potential catalyst of cosmopolitanism and global citizenship few attempts have been made to bring to the fore new theoretical positions and empirical analyses of how cosmopolitanism as a philosophical notion a practice and identity outlook can also shape and inform concrete religious affiliations Key questions concerning the significance of cosmopolitan ideas and practices in relation to particular religious experiences and discourses remain to be explored both theoretically and empirically This book takes as its starting point the emergence of cosmopolitanism as a major interdisciplinary field as a springboard for generating a productive dialogue among scholars working within a variety of intellectual disciplines and methodological traditions The chapter contributions offer a serious attempt to critically engage both the limitations and possibilities of cosmopolitanism as an analytical and critical tool to understand a changing religious landscape in a globalizing world namely the so called new religious diversity religious conflict and issues of migration multiculturalism and transnationalism vis vis the public exercise of religion The contributors work is situated in a range of world sites in Africa India North America Latin America and Europe This work will be of great interest to students and scholars of globalization religion and politics and the sociology of religion **Cosmopolitan Elites and the Making of Globality** Leonie Wolters, 2024-01-11 As ideologies such as communism fascism and various nationalisms vied for global domination during the first half of the 20th century this book shows how a specific group of individuals a cosmopolitan elite became representatives of those ideologies the world over Centering on the Indian intellectual M N Roy *Cosmopolitan Elites and the Making of Globality* situates his life within various social circles that covered several ideological realms and continents An example of an individual who represented ideologies such as anticolonial nationalism communism and humanism Roy is identified as unusual but by no means singular in this capacity and shows how other elites were similarly able to represent ideologies that sought to make the world anew This book explores how Roy and his peers and competitors became a political elite as they cultivated a cosmopolitan reputation that meant they were taken seriously even when speaking of regions outside of their own By considering the social and performative practices that turned them into credible global cosmopolitans Wolters uncovers the exclusive basis on which the universal claims of world changing ideologies were made **Central European Jewish Émigrés and the Shaping of Postwar Culture: Studies in Memory of Lilian Furst (1931-2009)** Julie Mell, Malachi Hacoheh, 2018-10-08 This book is a printed edition of the Special Issue *Between Religion and Ethnicity Twentieth Century Jewish migrants and the Shaping of Postwar Culture* that was published in *Religions* **Cosmopolitan Theology** Namsoon Kang, 2013-11-15 In *Cosmopolitan Theology* author Namsoon Kang proposes a theology that embraces and at the same time moves beyond collective identity position and

**Cosmopolitan Publics** Shuang Shen,2009-04-08 Early twentieth century China paired the local community to the world a place and time when English dominated urban centered higher and secondary education and Chinese edited English language magazines surfaced as a new form of translingual practice Cosmopolitan Publics focuses on China's cosmopolitans Western educated intellectuals who returned to Shanghai in the late 1920s to publish in English and who ultimately became both cultural translators and citizens of the wider world Shuang Shen highlights their work in publications such as *The China Critic* and *T'ien Hsia* providing readers with a broader understanding of the role and function of cultural mixing translation and multilingualism in China's cultural modernity Decades later as nationalist biases and political restrictions emerged within China the influence of the cosmopolitans was neglected and the significance of cosmopolitan practice was underplayed Shen's encompassing study revisits and presents the experience of Chinese modernity as far more

heterogeneous emergent and transnational than it has been characterized until now **Global Fragments** Eduardo Mendieta,2012-02-01 *Global Fragments* offers an innovative analysis of globalization that aims to circumvent the sterile dichotomies that either praise or demonize globalization Eduardo Mendieta applies an interdisciplinary approach to one of the most fundamental experiences of globalization the mega urbanization of humanity The claim that globalization unsettles our epistemic maps of the world is tested against a study of Latin America Mendieta also recontextualizes the work of three major theorists of globalization Enrique Dussel Cornel West and Jürgen Habermas to show how their thinking reflects engagement with central problems of globalization and conversely how globalization itself is exemplified through the reception of their work Beyond the epistemic hubris of social theories that seek to accept or reject a globalized world Mendieta calls for a dialogic cosmopolitanism that departs from the mutuality of teaching and learning in a world that is global but not totalized *The Cosmopolitan Ideal in the Age of Revolution and Reaction, 1776-1832* Michael Henry

Scrivener,2007 Examines the new internationalism which emerged in Europe during the Enlightenment This is the study of cosmopolitanism which takes into account feminist and post colonial critiques of the Enlightenment It also offers cosmopolitanism as a solution to contemporary struggles to reach a post national political identity **Public Culture** ,1988
