Cosmopolitanism In Context Perspectives From International Law And Political Theory:

Cosmopolitanism in Context Roland H. M. Pierik, Professor of Public International Law Wouter Werner, 2014-05-14 A multidisciplinary analysis of cosmopolitanism brings together political philosophers and international lawyers to discuss international law and politics issues

Cosmopolitanism in Context Roland Pierik, Wouter Werner, 2010-06-17 Is it possible and desirable to translate the basic principles underlying cosmopolitanism as a moral standard into effective global institutions Will the ideals of inclusiveness and equal moral concern for all survive the marriage between cosmopolitanism and institutional power What are the effects of such bureaucratisation of cosmopolitan ideals This volume examines the strained relationship between cosmopolitanism as a moral standard and the legal institutions in which cosmopolitan norms and principles are to be implemented Five areas of global concern are analysed environmental protection economic regulation peace and security the fight against international crimes and migration

Human Rights, Human Dignity, and Cosmopolitan Ideals Matthias Lutz-Bachmann, Amos Nascimento, 2016-05-13 This book makes a significant contribution to the on going international dialogue on the meaning of concepts such as human rights humanity and cosmopolitanism The authors propose a new agenda for research into a Critical Theory of Human Rights Each chapter pursues three goals to reconstruct modern philosophical theories that have contributed to our views on human rights to highlight the importance of humanity and human dignity as a complementary dimension to liberal rights and finally to integrate these issues more directly in contemporary discussions about cosmopolitanism The authors not only present multicultural perspectives on how to rethink political and international theory in terms of the normativity of human rights but also promote an international dialogue on the prospects for a critical theory of human rights discourses in the 21st century

Selfless Intervention Cedric Ryngaert, 2020 This book discusses under what conditions states can take unilateral action to promote the interests of the international community It puts forward an argument in favour of unilateral action in the common interest but suggests a number of restraining techniques to limit its intrusiveness

Contemporary Debates in Political Philosophy Thomas Christiano,John Christman,2009-05-04 This collection of 24 essays written by eminent philosophers and political theorists brings together fresh debates on some of the most fundamental questions in contemporary political philosophy including human rights equality constitutionalism the value of democracy identity and political neutrality Presents fresh debates on six of the fundamental questions in contemporary political philosophy Each question is treated by a pair of opposing essays written by eminent scholars Lively debate format sharply defines the issues invites the reader to participate in the exchange of arguments and paves the way for further discussion Will serve as an accessible introduction to the major topics in political philosophy whilst also capturing the imagination of professional philosophers Offers the unique opportunity to observe leading philosophers engaging in head to head debate Interdisciplinary Information Sciences ,2007 *Cosmopolitanism and Human Rights* Sharon

Anderson-Gold,2001 *Cosmopolitanism and Human Rights* presents an ethical foundation for the idea of human development and attempts to demonstrate the normative character of universal human rights *Cosmopolitanism and International Relations Theory* Richard Beardsworth,2013-04-16 Globalization has been contested in recent times Among the critical perspectives is cosmopolitanism Yet with the exception of normative theory international relations as a field has ignored cosmopolitan thinking This book redresses this gap and develops a dialogue between cosmopolitanism and international relations The dialogue is structured around three debates between non universalist theories of international relations and contemporary cosmopolitan thought The theories chosen are realism post Marxism and postmodernism All three criticize liberalism in the international domain and therefore cosmopolitanism as an offshoot of liberalism In the light of each school s respective critique of universalism the book suggests both the importance and difficulty of the cosmopolitan perspective in the contemporary world Beardsworth emphasizes the need for global leadership at nation state level re embedding of the world economy a cosmopolitan politics of the lesser violence and cosmopolitan political judgement He also suggests research agendas to situate further contemporary cosmopolitanism in international relations theory This book will appeal to all students of political theory and international relations especially those who are seeking more articulation of the main issues between cosmopolitanism and its critics in international relations **The Yale Journal of International Law** ,2008
