Psychotherapy And AIDS Lucy A. Wicks,2016-01-20 Psychological treatments seek to support changes in patients s lives Normally they get better and move on with their lives The time line is often different in dealing with the medically ill including those with HIV While making progress psychologically patients may become more physically dependent Divided into 3 parts this book presents information and clinical material in a range of topics to support psychologically informed treatment of individuals who are HIV positive Each chapter proposes techniques and methods to address different concerns commonly encountered with this population In addition case studies are provided throughout **Sourcebook of**

Rehabilitation and Mental Health Practice David P. Moxley,John R. Finch,2006-04-11 We live in a day and age in which many fields come together to define new ones and out of these newly defined areas come innovative practices and emergent ways of thinking The Sourcebook on Rehabilitation and Mental Health Practice documents one of these new fields one formed by the coalescence of rehabilitative and mental health services and employment Only recently have human service practitioners policy makers and administrators recognized that there is a growing synergy among these areas once separated by great gulfs of differences in culture perspectives and values and technologies It is not happenstance that rehabilitation mental health and employment are becoming increasingly integrated in contemporary human services There is considerable interest in work in contemporary society although different values and perspectives mediate this interest For people with disabilities an interest in work often comes from deep frustration from not having ready access to work and from not having enough of it to facilitate an acceptable quality of life or independent living Some people find work to be a source of problems that negatively affects their functioning They find the workplace stressful and unsupportive or they feel that work exacts too much from them reducing their quality of life and setting into motion numerous negative personal effects Beck 2000
