The County Lieutenancies and the Army, 1803-1814 (Classic Reprint) John Fortescue,2015-07-08 Excerpt from The County Lieutenancies and the Army 1803 1814 The present volume may be described as an over ow from the History of the British Army It owes its existence principally to the Secretary of State for War who recognising the importance of the subject at the present time kindly granted the writer a small subsidy to insure him against loss through its publication But for this help for which I desire to express my grateful thanks the matter here printed must have been packed into some twenty or thirty pages only As things stand the twenty or thirty pages have been expanded into ten times that number and if as I fear the ordinary reader finds them impossible to read I can only assure him that I have found them maddening to write About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
