Cesar Chavez And The Common Sense Of Nonviolence:

Cesar Chavez and the Common Sense of Nonviolence José-Antonio Orosco, 2008-04-16 Cesar Chavez has long been heralded for his personal practice of nonviolent resistance in struggles against social racial and labor injustices. However, the works of Gandhi and Martin Luther King Jr. have long overshadowed Chavez's contributions to the theory of nonviolence. José Antonio Orosco seeks to elevate Chavez as an original thinker providing an analysis of what Chavez called the common sense of nonviolence. By engaging Chavez in dialogue with a variety of political theorists and philosophers, Orosco demonstrates how Chavez developed distinct ideas about nonviolent theory that are timely for dealing with today's social and political issues including racism, sexism, immigration, globalization, and political violence. Remapping the History of Catholicism in the United States David J. Endres, 2017 For more than thirty years, the quarterly journal *U.S. Catholic* historian has mapped the diverse terrain of American Catholicism. This collection of essays, including seven of the most popular and path-breaking contributions of recent years, tells the story of Catholics previously underappreciated by historians: women, African Americans, Latinos, Asian Americans, and those on the frontier and borderlands. Publisher description: The Gospel of César Chávez Mario T. Garcia, 2007-08-10 Once asked to explain how he had sustained himself over so many years of struggle, Cesar Chavez responded, "I don't think I could base my will to struggle on cold economics or some political doctrine. For me, the base must be faith." In evaluating the life and struggles of Cesar Chavez, one of the most recognized Latino leaders in the United States and the first labor leader to successfully organize and unionize U.S. farm workers, many historians, journalists, and other writers have largely missed one significant factor of his life: his faith and deep spirituality. *The Gospel of Cesar Chavez* uses the prolific leader's own words to express his profound faith and the way it shaped his life and leadership. Wading Through Many Voices Harold Recinos, 2011-04-16 *Wading Through Many Voices* brings together the voices of Latino, African American, Asian American, Native American, and Euro American scholars to produce a dialogue of public theology: how faith communities divided by race, class, ethnicity, and gender can find a common ground for life together. The authors articulate a multiethnic perspective on public theology that counters the divisive identity politics of U.S. public life with systematic thinking that strengthens the commitment to critically transform social relations in light of a shared vision of public good. The contributors develop a shared public theology that addresses social divisions while offering readers a broad vision to collaborate and struggle for an improved understanding of the common good for our pluralistic society. In light of emerging social issues, the contributors suggest that a fundamental respect for difference is a required first value for living together in a common social and political space. **Brown Church** Robert Chao Romero, 2020-05-26 The Latino culture and identity have long been shaped by their challenges to the religious, socio-economic, and political status quo. Robert Chao Romero explores the Brown Church and how this movement appeals to the vision for redemption that includes not only heavenly promises but also the transformation of our lives and the world. We Are Power Todd Hasak-Lowy, 2020-04-07 A stirring

look at nonviolent activism from American suffragists to civil rights to the climate change movement *We Are Power* brings to light the incredible individuals who have used nonviolent activism to change the world The book explores questions such as what is nonviolent resistance and how does it work In an age when armies are stronger than ever before when guns seem to be everywhere how can people confront their adversaries without resorting to violence themselves Through key international movements as well as people such as Gandhi Alice Paul Martin Luther King Cesar Chavez and Vclav Havel this book discusses the components of nonviolent resistance It answers the question Why nonviolence by showing how nonviolent movements have succeeded again and again in a variety of ways in all sorts of places and always in the face of overwhelming odds The book includes endnotes a bibliography and an index **Refugees Now** Kelly Oliver, Lisa M. Ahmed, 2019-04-03 This important new book examines the status of refugees from a philosophical perspective The contributors explore the conditions faced by refugees and clarify the conceptual practical and ethical issues confronting the contemporary global community with respect to refugees The book takes up topics ranging from practical matters such as the social and political production of refugees refugee status and the tension between citizen rights and human rights and the handling of detention and deportation to more conceptual and theoretical concerns such as the ideology rhetoric and propaganda that sustain systems of exclusion and expulsion to the ethical dimensions that invoke hospitality and transnational responsibility Ideal for students and scholars in Political and Social Philosophy and Migration Studies more broadly the book provides a critical commentary on material responses to contemporary refugee crises as a means of opening pathways to more pointed assessments of both the political and ideological underpinnings of statelessness *The Moral Vision of César Chávez* Frederick John Dalton, 2003 A moving story of why and how Cesar Chavez struggled for justice for farm workers and left an indelible mark on the struggle for human dignity **The Journal of African American History**
