## **Charlie Chasers History Of Usaf Ac 119:**

*Charlie Chasers* Larry Elton Fletcher, 2013 Charlie Chasers tells the amazing story of the AC 119 Shadow gunships and their crews who wreaked havoc on the enemy during the Vietnam War. The fixed wing aircraft provided close fire support of US and friendly troops with the ability to fire up to 6 000 rounds per minute and deliver it with deadly accuracy. Ground troops came to rely on the AC 119 as dependable aerial defenders of fire support bases, air bases, Special Forces camps, villages, hamlets, and remote outposts. The author, former United States Air Force Captain Dr. Larry Elton Fletcher, flew 177 combat missions as a pilot in AC 119 Shadow gunships during his tour of duty in Vietnam with the 17th Special Operations Squadron and received numerous medals for his valor.

*River Warfare in Vietnam* Robin L. Rielly, 2024-02-19 America's entrance into the wars in Vietnam came as a result of several factors. Among them was the necessity of bolstering French influence in the area in the face of mounting communist expansion. This expansion was intensified by the outbreak of the Korean War, making it necessary for the United States to revamp its Southeast Asian policy. During the French era control of Vietnam's rivers, streams, and canals became necessary. This led various factions to develop specialized military units heavily dependent on new types of river craft that could traverse the myriad waterways in Vietnam. The focal point of this study is a new assessment of the conduct of river warfare. Drawing on little known French, Vietnamese, and American sources and materials, it sheds light on an important aspect of the Vietnam War. Chapters also detail numerous aspects of river warfare not generally covered in other books on the subject.

[Gunships, a Pictorial History of Spooky](#) Larry Davis, 1982 Captioned photos and brief text describe the tactics, equipment, and gunship aircraft most used in tactical interdiction.
