Charlotte Russe Interview:

Online Consumer Behavior Angeline Close Scheinbaum, 2012-05-04 Social media e.g. Facebook, LinkedIn, Groupon, Twitter have changed the way consumers and advertisers behave. It is crucial to understand how consumers think, feel, and act regarding social media, online advertising, and online shopping. Business practitioners, students, and marketers are trying to understand online consumer experiences that help instill brand loyalty. This book is one of the first to present scholarly theory and research to help explain and predict online consumer behavior. **Online Consumer Behavior** Angeline Close, 2012. First Published in 2012. Routledge is an imprint of Taylor & Francis, an informa company. **The Saturday Evening Post**, 1912. **Made in America** Lucy Lean, 2011. *Made in America* Our Best Chefs Reinvent Comfort Food features updated classic recipes from the most innovative and remarkable chefs working today. Inspired by turn of the 20th century regional American cookbooks, Lucy Lean, former editor of *edible LA*, has delved through thousands of traditional recipes to define the 100 that best represent America's culinary legacy and challenged today's leading chefs to deconstruct and rebuild them in entirely original ways. The result is the ultimate contemporary comfort food bible for the home cook and armchair food lover. Each recipe is enhanced with an introduction that includes the background and origin of the dish and a unique profile of the chef who has undertaken it, as well as sumptuous photographs of the dish, chef, and restaurant. Representing the entire United States, chefs have been selected for their accomplishments, talent, and focus on local and sustainable cooking. From Ludo Lefebvre's Duck Fat Fried Chicken to Alain Ducasse's French Onion Soup to Mario Batali's Pappardelle Bolognese to John Besh's Banana Rum Cake, *Made in America* showcases our favorite dishes as conceived by our finest chefs. **A Man Absolutely Sure of Himself** David B. Gracy, 2019-11-07. This is the first full biography of George Washington Littlefield, the Texas and New Mexico rancher, Austin banker, and businessman. University of Texas regent and philanthropist. In just two decades, Littlefield's business acumen vaulted him from debt to inclusion in 1892 on the first list of American millionaires. *A Man Absolutely Sure of Himself* is a grand retelling of the life of a highly successful entrepreneur and Austin civic leader whose work affected spheres from ranching and banking to civic development and academia. Littlefield's cattle operations during the open range and early ranching periods spanned a domain in New Mexico and Texas larger than the states of Delaware and Connecticut combined. In a unique contribution to ranching art, Littlefield commissioned murals and bronze doors depicting scenes from his ranches to decorate Austin's American National Bank, which he led for its first twenty-eight years. Gracy provides new information about Littlefield's term as University of Texas regent and the necessity of choosing between friendship and duty during the university's confrontation with Gov. James E. Ferguson. Proud of his Civil War service in Terry's Texas Rangers, Littlefield funded one of the nation's first centers for Southern history. He also underwrote the school's purchase of its first rare book library and its training programs preparing troops for World War I's new combat roles. Littlefield played a central role in advancing Austin from a cattleman's town into

the business center it wanted to become His Littlefield Building the tallest office building between New Orleans and San Francisco when it was built served for a generation as the prime location of the town s business community Author David B Gracy II a relative of Littlefield grounds his vivid prose in a lifetime of research into archival and family sources His comprehensive biography illuminates an exceptional figure whose life singularly illustrates the evolution of Texas from Southern to Western to American

An Equal Place Scott L. Cummings,2021-01-04 An Equal Place is a monumental study of the role of lawyers in the movement to challenge economic inequality in one of America s most unequal cities Los Angeles Breaking with the traditional focus on national civil rights history the book turns to the stories of contemporary lawyers on the front lines and behind the scenes who use law to reshape the meaning of low wage work in the local economy Covering a transformative period of L A history from the 1992 riots to the 2008 recession Scott Cummings presents an unflinching account of five pivotal campaigns in which lawyers ally with local movements to challenge the abuses of garment sweatshops the criminalization of day labor the gentrification of downtown retail the incursion of Wal Mart groceries and the misclassification of port truck drivers Through these campaigns lawyers and activists define the city as a space for redefining work in vital industries transformed by deindustrialization outsourcing and immigration Organizing arises outside of traditional labor law powered by community labor and racial justice groups using levers of local government to ultimately change the nature of labor law itself Cummings shows that sophisticated legal strategy engaging yet extending beyond courts in which lawyers are equal partners in social movements is an indispensable part of the effort to make L A a more equal place Challenging accounts of lawyers negative impact on movements Cummings argues that the L A campaigns have achieved meaningful reform while strengthening the position of workers in local politics through legal innovation Dissecting the reasons for failure alongside the conditions for success this groundbreaking book illuminates the crucial role of lawyers in forging a new model of city building for the twenty first century
